There's more distillation in the Lowlands than any other Scottish region, but its days as a significant single malt player are consigned to history. This is the home of the blend, and of the large quantities of grain whisky which form its foundation – but a few producers keep up the trademark light and grassy Lowland malt style.

Whisky marked *** have been discontinued and we may have only 1-2 drams left.

When they gone, they are gone.

AILSA BAY (ALE-sah Bay)

Ailsa Bay was built within Girvan grain distillery in 2007 to produce malt whisky for William Grant's range of blends. The first single malt, a heavily peated non-age-statement release, was launched in February 2016, after eight years of operation.

AI01	Ailsa Bay – Sweet Smoke	48.9%	£19.60
	Beautifully balanced peat and rich vanilla meandering between smoke, fruit and creamy toffee. Following the smoke is a wave of oaky sweetness and vanilla oak, candied orange peel, with the finish an intriguing balance of oaky sweetness and peachy dryness.	MEM	£15.70

AUCHENTOSHAN (OCHun–TOShun)

Founded by Irish refugees in 1825 on the outskirts of Glasgow, Auchentoshan is one of the last active distilleries in the Lowlands. In common with other Lowland (and Irish) whiskies, Auchentoshan is distilled three times (most Scottish malt whisky is distilled twice). This process has the effect of softening the flavour and body of the end product.

AU01	Auchentoshan American Oak	40%	£13.30
	Auchentoshan American Oak was introduced in 2014 to replace the Classic. Matured exclusively in first-fill bourbon casks, this is a vanilla-rich and fruity whisky.	MEM	£10.70
AU12	Auchentoshan 12yr	40%	£15.90
	Cereals and exotic fruits on the nose with sherried tannins, a little sweet barley and vanilla in the mouth. Dry and very long finish, with a little sweetness from the barley.	MEM	£12.80
AU03	Auchentoshan Three Wood	43%	£17.20
	The ever-popular Auchentoshan 3 Wood is matured initially in bourbon casks before being finished in Oloroso then Pedro Ximénez casks for an extra layer of rich, sweet fruitiness.		
AU18	Auchentoshan 18yr	43%	£27.40
	Rife with toasty oak and vanilla spice. Chocolate cake and a lovely grassiness. Toasty vanilla, dark nuttiness on the palate, with a malty finish, little custard and fresh flowers.		
AU81	Auchentoshan 18yr 1980's	43%	£88.90
	An old rectangular bottling of triple distilled Auchentoshan bottled at 43% for the French market. We estimate this bottle dates from the 1980s.		
AU31	Auchentoshan 1965 31yr Cask 2510	45.5%	£279.05
	An old 1990s single cask bottling at cask strength. Lowland whiskies at this age are fairly rare and take on complexity, but keeping their lighter style, making an elegant malt.	MEM	£223.30

DAFTMILL (DAft mill)

Operating as a true farm distillery since 2005, Daftmill is owned and run by the Cuthbert family. The distillery only operates during the quieter seasons at the farm – mid-summer and winter – meaning that production can sometimes be as limited as 100 casks per year and bottles are very difficult to come by.

DF10	Daftmill 2010 Cask Strength / Unofficial Fans Group	59.5%	£45.60
	Cask numbers 046 ,047, 050, 051 and 056 were filled in 2010 and bottled in 2021. On a nose highly appealing combination of cut grass and warm sourdough slathered in honey. Background notes of pale ales, breads, white flowers with pollen and a little youthful calvados with juicy and sweetly fruity up front on palate. Yellow plums, honey, flower nectars, grassy olive oil and tiny hints of white pepper and clove. An impressively thick and engaging mouthfeel.	MEM	£36.50
DF11	Daftmill 12yr 2010 Winter Batch Release	46%	£47.70
	The whisky that went into this bottling came from twenty-five first fill ex bourbon barrels, which were filled in November and December 2010 and bottled in 2023. Limited edition of 6550 bottles. A lot of freshly mown grass, green herbs, crushed nettles and plenty of typical yellow and green fruits. Also, some flowers and their pollens.	MEM	£38.20
DF12	Daftmill 12yr 2008 Winter Batch Release	46%	£75.00
	Distilled in 2008 and bottled in 2020. This batch consists of 23 first-fill ex-bourbon barrels. They were filled between February 2008 and 28th April 2008. Limited edition of 6000 bottles. Aroma reminiscent of crème brulee, tinned peaches, dried cocoa powder and a delicate grassy note.	MEM	£60.00
DF13	Daftmill 11yr 2010 Summer Batch Release	46%	£56.30
	The whisky from the twenty five first fill bourbon barrels used in this bottling were distilled and filled in July 2010 and bottled in 2021. Limited edition of 6250 bottles. A vibrant and playfully fruity profile, one that immediately brings to mind lime cordial, cheesecake, new leather, limoncello and sweet youthful dessert wines. This one really does feel ‘summery’ with notes of yellow flowers, nectars and pollens.	MEM	£45.05

GLENKINCHIE (glen KINsee)

Founded in 1825 in the outlying farmland around Edinburgh as Milton distillery (before being renamed in 1837), Glenkinchie languished in obscurity for over 150 years before becoming an international brand almost overnight at the end of the 1980s. Prior to this time, the distillery's main claims to fame were as one of the five original Lowland distillers to found Scottish Malt Distillers Ltd; and as one of very few distilleries to continue production throughout the Second World War.

GK12 Glenkinchie 12yr 43% **£17.10**

The nose is quite light, yet fragrant, fresh cereal and first, some barley sweetness and a nutty note. The palate is very fruity with notes of Madeira and sweet stewed fruits. A hint of calvados and tannic oak lining the mouth. The finish is of medium length with notes of cereal and a fresh greenness. **MEM £13.70**

GK03 Glenkinchie 2003 Distillers Edition 43% **£21.10**

This 2003 vintage Distillers Edition from Glenkinchie has been finished in Amontillado sherry casks for an extra burst of rounded flavour. This was aged for more than a decade before being bottled in 2015.

GK20 Glenkinchie 20yr 58.4% **£47.40**

A rare & unusual bottling, this Glenkinchie is a muscular 58.4% & has had 10 years in refill casks & then another 10 in brandy casks. A beautiful whisky & near impossible to find.

INVERLEVEN (In-ver-LE-ven)

Inverleven was part of the gigantic distilling complex built in Dumbarton in 1938 by the famous Canadian distillery company Hiram Walker, makers of Canadian Club, to provide filling for their newly-acquired Ballantine's blend. Hiram Walker's had also bought Milnorduff and Glenburgie for the same purpose, and later acquired Scapa. During their operating lifetimes all the production at Dumbarton, Lomond and Inverleven went into Ballantine's and there were never any official bottlings of either of the single malts. However, enterprising independent bottlers have released a handful of bottlings of Inverleven.

IR73 Inverleven 1973 36yr 'Deoch an Doras' 48.9% **£57.55**

A 1973 vintage whisky from Inverleven, a malt distillery that operated from within the Dumbarton grain distillery complex until 1991. This is part of Chivas Brothers's Deoch an Doras series, roughly translated as 'One for the road', and was bottled in 2011 at 37 years old.

LADYBURN (Mothballed) (lady burn)

A short lived, 'Rare Ayrshire' whisky, closed in the mid-1970s. There have been both official and independent bottlings released, but they remain few and far between, making whisky from the distillery sought-after and very collectible. Part of the Girvan complex built by William Grant's in the early 1960s to provide filling for its 'Grant's' blend, Ladyburn began operation in 1966, but closed just nine years later.

LB73	Ladyburn 1973 27yr	50.4%	£223.00
	The nose is quite light and dry with notes of heather roots, a touch of wood, waxy honeysuckle and blossom. There is a delicate barley sweetness. The palate is quite dry and of medium-body. There is a hint of zesty citrus with honeyed sweetness, a touch of spice and pepper with a pungent honeycomb waxiness. The oak develops with dryness and chewy tannins. The finish is long, with a touch of acacia honey sweetness and dry peppery oak. Only 3000 bottles produced.	MEM	£178.40

ROSEBANK (Mothballed) (rose bank)

Generally considered to be the best of the closed Lowland single malt distilleries, whiskies from Rosebank are increasingly scarce. A lost classic. Young Rosebank's tend to be floral and aromatic; older expressions can be more robust and spicy, but with glorious depth. Stocks of the last Flora and Fauna batch (awarded 95 points in Jim Murray's Whisky Bible 2007) are still available, along with several independent bottlings, but prices for what is generally acknowledged as the best Lowland malt will continue to rise as the supply of maturing casks runs out. Re-opening soon!

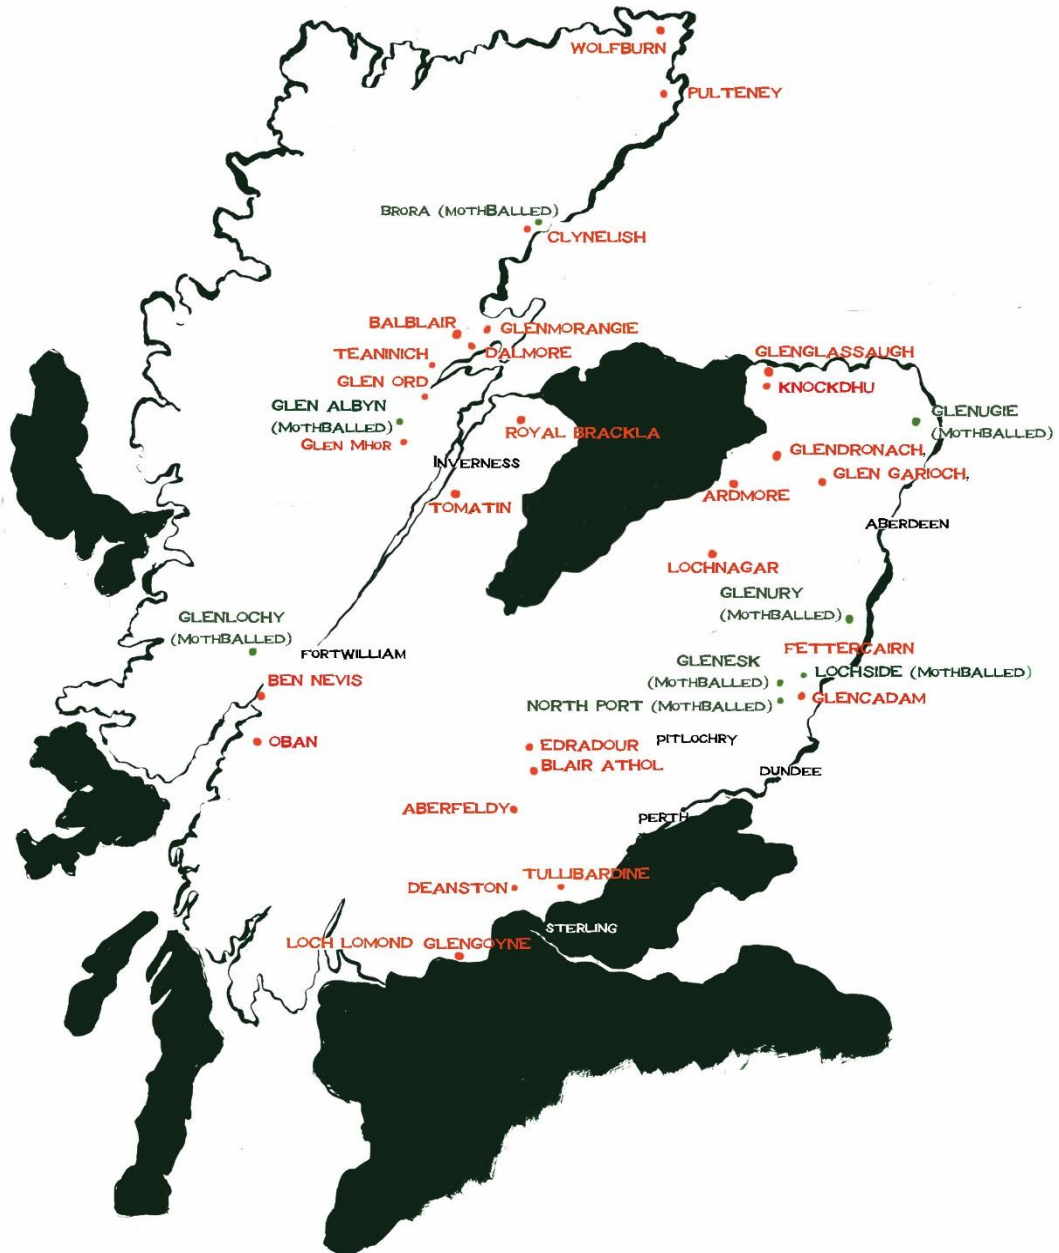

RS01	Rosebank Ceramic 15yr 1970s ***	43%	£100.45
	Sadly closed in 1993, the distillery was known for producing a richer and more complex style than its Lowland neighbours and bottlings are much sought after. We estimate this was bottled in the 1970s.	MEM	£80.40
RS81	Rosebank 1981 16yr Bot. 1997 'Flora & Fauna'	63.9%	£111.40
	The rare 1981 vintage Rosebank Flora & Fauna, bottled in 1997 as one of the select few whiskies in the range to get a cask strength version. Big, full and extremely spicy, with a massive abv for the age and some delicious polished maltiness.		
RS70	Rosebank White Label Bot. 1970s	43%	£200.70
	A 1970s own bottling of now closed Rosebank, with their old white label. SUPER RARE!	MEM	£160.60
RS20	Rosebank 20yr White Label 1970s	57%	£250.00
	A 20-year-old distillery bottling of Rosebank produced for Italian importers Zenith. This particular one received an impressive average of 91 points from 8 of the Malt Maniacs.	MEM	£200.00

ST. MAGDALENE (Mothballed) (st MÁGdelain)

A legendary lost distillery, also known as Linlithgow, closed in 1983. Despite a capacity of around 200,000 gallons a year of production, there were no official bottlings during its lifetime, and most malt fans had barely heard of it until a series of stunning Rare Malt bottlings (as St. Magdalene) in the mid-to-late 1990s. It is now one of the most lamented lost distilleries (the buildings have been converted to private housing), and Rare Malt bottlings are hungrily seized upon by aficionados and collectors alike.

SM64	St Magdalene 1964 17yr Connoisseurs Choice G&M	40%	£95.50
	A very rare bottling from St Magdalene distillery. This 1964 vintage whisky has been matured for 17 years and bottled by Gordon & Macphail for their Connoisseurs Choice series. We can't get enough of these old-style brown labels.		
SM82	St Magdalene 1982 26yr Cask 2219 'Dun Bheagan'	50%	£131.50
	Bottled in 2009 of only 390 bottles, this extremely rare St Magdalene is non-chill filtered and presented at its natural colour. Bottled by William Maxwell & Co.	MEM	£105.20
SM79	St Magdalene 1979 19yr 'Rare Malts Series'	63.8%	£189.75
	St Magdalene's 1979 entry in the Rare Malts series. This is one of the few official bottlings that made it out of the distillery. It's an excellent malt, picking up a stack of 90+ scores from the Malt Maniacs.

ABERFELDY (aberFELdy)

Aberfeldy Distillery is the home of the highly acclaimed Aberfeldy 12 and Aberfeldy 21 single malt Scotch Whisky. The distillery is located where Perthshire's highest mountain, deepest loch, and longest glen meet, and is historically and geographically the 'Heart of Scotland'. Aberfeldy's main claim to fame is as the heart of the excellent Dewar's blend.

AB12	Aberfeldy 12yr	40%	£16.20
	Creamy with sherried fruit, a touch of honey and spice on the nose. A sweet, malty, marmalade-like taste with a mellow malty and citrusy finish.	MEM	£13.00
AB15	Aberfeldy 15yr Napa Valley Red Wine Cask	43%	£19.40

AB16	Aberfeldy 16yr	40%	£20.95
	Aberfeldy 16-year-old was released in 2015 as part of The Last Great Malts series. Matured in a combination of bourbon and sherry casks, this has lovely balance between sweetness and spiciness.		
AB21	Aberfeldy 21yr	40%	£41.70
	An excellent value 21yo Aberfeldy, showcasing the richer end of the Highland spectrum with plenty of sherry influence.	MEM	£33.40

BALBLAIR (balBLAIR)

One of Scotland's oldest distilleries, Balblair was founded in 1790 by John Ross. The distillery lies in Edderton in the Northern Highlands, surrounded by rugged mountains, from whence the Allt Dearg - Balblair's water source - springs.

BA99	Balblair 1999 2nd Release ***	46%	£21.45
	The second release of 1999 vintage Balblair single malt Scotch whisky replaces the 1997 vintage in their core range. The ace Highland whisky was matured in a combination of American ex-bourbon barrels and Spanish ex-Sherry butts from 1999.		

BEN NEVIS (ben NEVis)

Located at Lochy Bridge in Fort William and sitting just at the base of Ben Nevis, the highest mountain in the British Isles, which rises to 4,409 feet above sea level. A coastal distillery in the Western Highlands, Ben Nevis draws its water from the Allt a'Mhuilinn which originates from two pools, Coire Leis and Coire na'Ciste.

BRORA (Mothballed) (BRORA)

A cult malt with a sad story to tell. Originally known as Clynelish, this distillery became a victim of its own success when a new distillery was built alongside it to increase capacity only a few years before the slump of the late Seventies and early Eighties. The new distillery took over the name, and the old distillery was renamed and limped on until being mothballed in 1983.

BR25	Brora 25yr (Special Release 2008)	56.3%	£167.45
	A rare 25-year-old release from the Brora distillery; less than 3,000 bottles were filled. This single malt was matured in American and European oak and exudes nutty, winter spice notes.	MEM	£134.00
BR30	Brora 30yr (Special Release 2004)	56.6%	£189.75
	Gorgeous fruit, with much less emphasis on smoke & peat this time. One of the best whiskies we've ever tasted here at Boisdale and that is no mean feat. Only 3000 bottles made and unfortunately not many left.	MEM	£151.80

CLYNELISH (cleinLISH)

Built in 1967 in a rural setting in the Northern Highlands opposite its now-silent sister distillery, Brora, Clynelish has continued to produce a muscular, slightly peaty whisky much valued by blenders – it is one of the base spirits for the excellent Johnnie Walker Gold Label.

CL14	Clynelish 14yr	46%	£17.10
	Rich and complex, this unfolds slowly and has richness, balance, texture, sweet waxy fruits and a lift of smoke. Some package.		
CL21	Clynelish 21yr 1996 Murray McDavid – Mission Gold Series ***	50%	£43.55
	Butter, vanilla fudge and white chocolate on the nose. Followed by demerara, sweet wax and smoked fruits. DALMORE (dalMORE)

Dalmore distillery was built in 1839 by Alexander Matheson, who immediately leased it to the Sunderland family, who ran it for over thirty years until 1869, when the lease was taken over by three Mackenzie brothers, Alexander, Charles and Andrew.

DA12	Dalmore 12yr	40%	£21.40

DA03	Dalmore King Alexander III	40%	£54.60

DA25	Dalmore 25yr	42%	£267.00

DA40	Dalmore 1966 40yr	40%	£781.30
	This is a sensational 40-year-old whisky from The Dalmore. Distilled on 21 March 1966, it is a sublime example of a Highland malt aged in three different types of cask: American white oak, Matusalem Oloroso Sherry and Amoroso Sherry casks.		

DALWHINNIE (dalWHINnie)

Dalwhinnie was the highest working distillery in Scotland between 2002 and 2008, but the re-opening of Braeval in July of that year has robbed the distillery of that title. However, the villagers can take cold comfort from the fact that their Grampian location still retains the lowest average annual temperature in Scotland (6°C).

DW15	Dalwhinnie 15yr	43%	£18.20
	Elegant, smooth and medium-bodied with a light, fruity palate and a whiff of heather on the finish.		
DA36	Dalwhinnie 36yr ***	47.2%	£111.40
	One of the early Diageo Special Releases, this cask-strength Dalwhinnie was bottled in 2002. An intensely-flavoured dram, with natural honey and more than a whiff of smoke, this is the oldest-ever official expression of Dalwhinnie, and arguably the best.		

DEANSTON (deanston)

Deanston is housed in a former cotton mill in the central Highlands that dates back to the late eighteenth century. The buildings were converted into a distillery in 1966. It was acquired by Invergordon in 1972 but ceased production in 1982 and was mothballed until 1990, when it was bought and re-opened by Burn Stewart Distillers.

DE21	Deanston 21yr 1996 Murray McDavid – Benchmark Series	46%	£30.65
	Toffee fruit sweets, vanilla and gingerbread notes, develop on the palate into dried fruit, nut and ginger. A satisfyingly rich and long dram. FETTERCAIRN (fetter-CAIRN)

Old Fettercairn was established in 1824, having been only the second distillery to become legal after the Excise Act of the previous year. In 1973 Whyte & Mackay acquired Fettercairn distillery and it has remained with the company since.

FE10	Old Fettercairn 10yr	43%	£32.00
Old Fettercairn 10yo has a subtle peatyness that balances nicely with the sweetish body. It was bottled in the early 2000's, before the distillery dropped the "Old" from the brand in 2002.			

GLEN ALBYN (Mothballed) (glen ALbin)

Glen Albyn was founded in Inverness on the site of a ruined brewery / malt kilning in 1846 by James Sutherland, a local landowner and Mayor of the town. In the slump of the early 1980s and Glen Albyn, being a small distillery with a product not highly prized by blenders, was among several to close in 1983. The buildings were demolished three years later - the site is now a shopping complex.

GA75	Glen Albyn 1975 Gordon & MacPhail	46%	£38.75
The nose is light and smooth, gentle smoke and toasted oak. There are hints of heather and notes of toasty cereal with barley sweetness. The palate is of medium-body with exceptional balance. Cut flowers and rubbed petals, barley sugar and grist prevail, charred oak and a very faint smoke. The finish is of medium-length with notes of oily nuts and espresso.			

GLENCADAM (glen Kadam)

This pretty and immaculately maintained distillery opened for business in 1825, just one year after legitimate distilling on a large scale was legalized. Since then a number of owners have operated the distillery and produced Glencadam malt in their blends. Happily, each owner was careful not to spoil the charming character of Glencadam.

GLENESK (Mothballed) (glen ESK)

Glenesk was something of a chameleon during its lifespan, switching between malt and grain distillation and having its name changed frequently. It began life as 'Highland Esk' distillery, founded in Montrose in the Eastern Highlands in 1897 by the famous wine merchant Septimus Parsonage. The buildings were a converted flax mill.

GLENDRONACH (glen DRONach)

Glendronach was founded in 1826 by James Allardice (also spelt Allardyce and Allardes), and almost completely destroyed by fire a decade later. After the rebuild, Allardice - a colourful character - is rumoured to have accidentally ensured the popularity of his whisky in Edinburgh in the 1840s by gifting a quantity of it to some local prostitutes after a failed sales trip to the city.

An 8-year-old Glendronach released, we estimate, in the 1970s. The distillery is renowned for whiskies produced during this period, even if they are not quite in the same sherry-monster style as we know today.

GLEN GARIOCH (glen GEERie)

Glen Garioch was founded in 1797, making it one of Scotland's oldest distilleries still in production. The distillery is situated in the Eastern Highlands in Aberdeenshire. Although perfectly acceptable at the normal bottling ages, Glen Garioch is renowned for its ageing potential thanks to some superlative older bottlings through the years.

GLEN MHOR (Mothballed) (glen VHOR)

The distillery was founded in 1892 by John Birnie and John Mackinlay, named after the tectonic rejection of the Great Glen in which it lay. In 1972, the distillery was sold to *Distillers Company Limited* (DCL) by William Birnie, the son of John Birnie. In 1980, the malthouse was closed down for reasons of cost and the malt moved from outside. On 8 March 1983 the last burn was made, the final closure of the distillery on account of its unprofessionality. The water from the distillery belonging to the Northern Highlands region came from the River Ness, as is the case with Glen Albyn.

GLENGOYNE (glen GOYNE)

Glengoyne Distillery is a whisky distillery continuously in operation since its founding in 1833 at Dumgoyne, north of Glasgow, Scotland. Glengoyne is unique in producing Highland single malt whisky matured in the Lowlands. Located upon the Highland Line, the division between the Highlands and Lowlands of Scotland, Glengoyne's stills are in the Highlands while maturing casks of whisky rest across the road in the Lowlands. Unlike many malt whisky distilleries today, Glengoyne does not use peat smoke to dry their barley, but instead uses warm air.

GG10	Glengoyne 10yr	40%	£16.50

GLENLOCHY (Mothballed) (glenLOCHee)

The distillery was founded in 1898 in Inverlochy, which was outside of Fort William. As a bad economic situation prevailed at the time of the founding, the distillery was operated in minimal operation from the opening on 4 April 1901. She was later taken over by Scottish Malt Distillers (SMD), but always struggled with economic difficulties and rarely produced the maximum. On May 31, 1983, SMD closed the distillery.

GCH80 Glenloch 1980 32yr Cask 1759 Signatory 60.1% **£73.70**

GCH29 Glenloch 1980 29yr Cask 2649 Signatory 52.8% **£68.50**

The Glenloch distillery was closed in the early 1980s, and the whisky made there rarely sees the light of day as most of the malt produced there went into Diageo's blends, so this is indeed a rare treat from Signatory. This bottling is from bourbon casks that were re-racked into Oloroso sherry casks for the final stages. Only 265 bottles produced.

Glenturret claims to be the oldest active distillery in Scotland, but as is often the case with extravagant PR claims, the truth is never quite so simple. What is not in question is that distillation has taken place in the Crieff area on the site now occupied by the Glenturret distillery since at least 1775, with some sources indicating the presence of illicit stills going back at least to 1717.

GLENFIDDICH (glen FIDdich)

Glenfiddich is a Speyside single malt Scotch whisky owned and produced by William Grant & Sons in Dufftown, Scotland. Glenfiddich means ‘Valley of the Deer’ in Scottish Gaelic, hence the presence of a stag symbol on Glenfiddich bottles. The Glenfiddich Distillery was founded in 1886 by William Grant in Dufftown, Scotland, in the glen of the River Fiddich. Glenfiddich whisky is produced at the Glenfiddich Distillery in Dufftown. The water source is the Robbie Dhu springs. Glenfiddich is matured in oak casks such as rum casks from the Caribbean (in the case of 21-year-old Gran Reserva), Bourbon whiskey barrels from America (Ancient Reserve), or sherry butts from Jerez in Spain. Glenfiddich is the world's best-selling single-malt whisky and also the most awarded at the International Spirits Challenge.

GLEN KEITH (glen keith)

Glen Keith is a distillery built by and owned by Chivas Brothers within eyesight of their centre piece distillery, the picturesque Strathisla Distillery. Glen Keith is a modern distillery. When it opened in 1958, it was the first new distillery to open in Speyside since the great whisky crash of 1898. It therefore contrasts markedly with Strathisla - the oldest in Scotland. The output of the distillery was originally used in blends such as Chivas Regal, Passport and 100 Pipers but Chivas Brothers also used it as a laboratory for experiments with innovations in production and processing, for example developing their own strains of yeast.

GLENLOSSIE (glen LOSSee)

Glenlossie is a whisky brand near Elgin, Scotland. The distillery was founded in 1876 by John Duff. The water of the distillery belonging to the Speyside region comes from Bardon Burn, as is the nearby Mannochmore distillery. Given that Glenlossie was named as one of only twelve 'top class' malts by blenders in 1974, it is perhaps surprising that the distillery is so little-known. The reason, however, is easy to determine - the blender's high regard means that demand for Glenlossie remains extremely high, and as a result less than 1% of the distillery's output is kept back for single malt.

GL10	Glenlossie 10yr 'Flora and Fauna'	43%	£18.65
-------------	--	-----	---------------

Very little seen Glenlossie, Diageo's blend fodder Speyside workhorse. The only distillery bottling of Glenlossie, other than a Manager's Dram. Almost all of their whisky goes into Diageo's blends, which is a shame as this is a classic spicy Speysider

GLENROTHES (glen ROTtus)

The Glenrothes is a single malt Scotch whisky, produced at the Glenrothes Distillery, beside the Burn of Rothes in the Speyside region. Glenrothes is used in blended scotch whiskies such as Cutty Sark and The Famous Grouse. The Glenrothes is different from many other single malts in that since 1993 the bottlings are not determined by age but by vintage. The Glenrothes is mainly matured in Spanish ex-Sherry casks, and some ex-Bourbon casks. The house style is a warming, mouth-coating creamy spirit, with the classic Speyside "pear drop" character. Thanks to its ageing and production, Glenrothes whisky is known for its spicy, rich character.

GLEN SPEY (glen spey)

The Glen Spey distillery is a single malt Scotch whisky distillery in Rothes, Aberlour, Banffshire at the centre of the Speyside whisky producing area of Scotland. Glen Spey (along with Glenlossie and Strathmill) continues to use 'purifiers'. Purifiers act as small condensers, returning a proportion of the alcohol vapours back to the pot to be re-distilled. So, this would increase the amount of 'reflux' within the pot stills. This results in a lighter spirit.

MC46	Macallan 1946 56yr Cask 46	44.3%	£2,718.40
	This Macallan 1946 is rather unusual, in that it was made with peated malt due to the high post war prices of coal. It also happens to be one of the greatest Macallans ever released in our opinion. The initial release of this was quite large and took a while for the distillery to sell, but it is now recognised as a classic Macallan and its reputation is assured.

Island single malts is a general term for single malt Scotch whiskies produced on the islands around the perimeter of the Scottish mainland. The islands (excluding Islay) are not recognised in the Scotch Whisky Regulations as a distinct whisky producing region but are considered to be part of the Highland region.[1] Islay is itself recognised as a distinct whisky producing region (see Islay whisky). The whiskies produced on the Islands are extremely varied and have few similarities, though can often be distinguished from other whisky regions by generally having a smokier flavour with peaty undertones.

CAMPBELTOWN

Campbeltown was once a thriving malt whisky region of no fewer than 34 distilleries – no mean feat for a small and remote settlement at the bottom of the long Kintyre peninsula. Now only three producers remain, but they make up for their paucity by producing five distinctive malt whiskies between them. Campbeltown's whisky-making fame endured the length of the 1800s, and even after its 34 distilleries were all but halved in number by a slump in the 1850s, its distinctive style was still highly prized at the dawn of the 20th century. What followed was a catastrophic fall from grace, brought about by a number of factors, including improved transportation links to the rival distilleries of the remote north, and a decline in quality as unscrupulous distillers cut corners and churned out mass-produced rotgut.

ISLAY

The southernmost of its island chain, Islay is known as ‘The Queen of the Hebrides’ – and is certainly the reigning monarch of a typically smoky, peaty style of single malt whisky. But there’s much more to this beating heart of distillation, which has eight active producers – and more to come. Amid all the talk of Islay’s famous active distilleries, the island also boasts one of the most legendary of ‘lost’ producers: Port Ellen, which closed its doors in 1983. It’s strongly smoky, turfy flavours were an artist’s study of the most typical Islay style and its whiskies remain among the most sought-after.

Whisky marked *** have been discontinued and we may have only 1-2 drams left.

When they gone, they are gone.

ARDBEG (ardBEG)

Ardbeg Distillery is a Scotch whisky distillery in Ardbeg on the south coast of the isle of Islay, Argyll and Bute, Scotland, in the Inner Hebrides group of islands and was founded in 1815. It produces a heavily peated Islay whisky and uses malted barley sourced from the malting's in Port Ellen. Ardbeg seldom release whiskies with age statements. Ardbeg often bottles its whisky at a higher alcohol by volume (abv) than the minimum 40%, and they no longer chill filter their whisky. Both of these measures are thought to yield a more full-flavoured whisky.

AG05	Ardbeg 5yr Wee Beastie	47.7%	£14.60
	An untamed young single malt from Ardbeg, Wee Beastie has spent five years in a combination of ex-bourbon and ex-sherry casks before being unleashed.	MEM	£11.70
AG10	Ardbeg 10yr	46%	£16.60
	For peat lovers, Ardbeg 10 Year Old is probably the highest-quality 'entry-level' single malt on the market, and the distillery many Islay connoisseurs would choose as their favourite. A whirlwind of peat and complex malty flavours. Whisky Bible Awards 2012: Best Single Malt Scotch of the Year, 10 Years and Under	MEM	£13.30
AG01	Ardbeg An Oa	46.6%	£18.20
	The first addition to Ardbeg's ongoing range for a decade when introduced in 2017, An Oa is a combination of spirit aged in Pedro-Ximenez sherry casks and bourbon barrels. Married in a French-oak marrying vat, this is rounded and smoky with notes of toffee, aniseed, date and banana.	MEM	£14.60
AG02	Ardbeg Uigeadail	54.2%	£22.00
	A fine drop of Ardbeg bottled at cask strength. A marriage of Ardbeg from bourbon barrels and sherry butts which gives a sweet and smoky finish to this malt. Uigeadail is the loch from which all Ardbeg water flows. An absolutely stunning whisky, and following the demise of Airigh nam Beist, this probably represents the best value in the core range.		
AG03	Ardbeg Corryvreckan	57.1%	£25.20
	As a replacement for the much-loved 1990 Airigh nam Beist, Ardbeg Corryvreckan had some pretty big shoes to fill, but the good news is that this is a belter, winning World's Best Single Malt Whisky at the World Whisky Awards 2010 and Best No Age Statement Scotch from Jim Murray's Whisky Bible.		
AG06	Ardbeg Blasda	40%	£46.30
	One of the most talked-about releases of 2008: Ardbeg Blasda is a lesser-peated version of many people's favourite Islay malt, being just 8ppm in bottle (as opposed to the standard 10yo's 23ppm).		

AG07	Ardbeg Supernova 2010 ***	60.1%	£85.00
	This is the peatiest Ardbeg ever at over 100ppm. This is the 2010 version of Ardbeg Supernova, and no doubt will be hoping to follow on from the success of last year's edition, which scooped Scotch Whisky of the Year from Jim Murray's Whisky Bible 2010.		
AG97	Ardbeg 'Very Young' 1997 Committee Reserve – for Discussion	58.9%	£199.60
	This bottling was released especially for members of the Ardbeg Committee (the free to join distillery club). A 6 year old, this was the first release entirely using spirit distilled since the distillery reopened in 1997. The idea was that comments were welcomed from the committee, hence the 'For Discussion...' branding.		
AG76	Ardbeg 1976 31yr Cask 2397	52.4%	£227.75
	A big sherried Ardbeg, this single cask is from a 1976 batch of sherry casks that took Ardbeg's reputation into the stratosphere. A legendary release matured for 31 years in a sherry butt and bottled at cask strength in 2008.	MEM	£182.20
AG25	Ardbeg 25 Year Old Lord of the Isles	46%	£223.00
	At 25 years old this whisky embodies the richness, depth and sweetness of all Ardbegs. Light gold in colour and powerful in character. A phenomenal, much-sought-after bottling of a really outstanding malt.		

BOWMORE (bowMORE)

Bowmore was the first of Islay's distilleries to receive a licence, springing fully-formed into official existence in 1779. It is likely that the founder of the distillery, one William Simson, had been distilling in Bowmore since shortly after his arrival in 1766, at a time when Daniel Campbell the Younger (the laird of the island) was expanding the village into the island's capital. The distillery passed through four owners before 1963, when it was bought by the Morrison family, who sold to the Japanese whisky company Suntory in 1994.

BW12	Bowmore 12yr	40%	£15.70
	The heart of the Bowmore range, the 12 year old exhibits some beautiful coastal notes with a gentle peat, it is the balance that the floral element presents that makes this a great entry bottling for Bowmore.		
BW15	Bowmore 15yr Darkest	43%	£22.70
	A 15 year old released in January of 2007 from the legendary Bowmore distillery in Islay. This single malt has enjoyed maturation in Oloroso sherry casks. Dark and punchy with sherry notes, juicy Corinth raisins and spices. Creamy, mochaccino and sweet dates. Spicy, toffee with sherry and barley.		
BW18	Bowmore 18yr	43%	£32.20
	A popular expression in Bowmore's ongoing range, this replaced the 17 year old, which was phased out a few years ago. Fresh, with notes of salty kippers and coal smoke.		

Boisdale recommends Larkfire Wild Whisky Water with your dram @£2.00 supplement.

AUGUST 25*

BW25	Bowmore 25yr	43%	£83.00

BW52	Bowmore 25yr Bot.1980's	43%	£85.00
	Matured in a combination of ex-bourbon and European sherry casks this is the oldest regular expression from Islay's oldest distillery.		
BW23	Bowmore 1985 23yr 'Single Malts of Scotland'	40%	£90.55
	An immensely perfumed Bowmore in its true form from this era. A very nice dram at high strength but this whisky has enough weight to balance all the flavours.		
BW02	White Bowmore 1964 43yr	42.8%	£1171.90
	This has spent its life in bourbon casks, so should make for a very interesting contrast from Black Bowmore.		MEM £937.60

BRUICHLADDICH (BROOìch-LADDich)

Bruichladdich Distillery is a distillery on the Rhinns of the isle of Islay, the westernmost part of the island and was founded in 1881. The distillery produces mainly single malt Scotch whisky, but has also offered artisanal gin. One interpretation of the Gaelic word Bruichladdich is "stony shore bank", referring to a post-glacial raised beach, though an alternative, perhaps more pertinent translation may be "rocky lee shore". All the distillery's whiskies are sold as single malts, with those designated Bruichladdich being unpeated. All barley used is exclusively Scottish, some of which has been grown on Islay since 2004.

BR01	Bruichladdich Classic Laddie	50%	£19.50
	Bruichladdich's Scottish Barley is made entirely from Scottish-grown barley, trickle distilled and then matured in American oak. The distillery class it as their signature bottling.		
BR02	Bruichladdich Islay Barley 2010 ***	50%	£22.00

EI02	Oc2 Elements of Islay	63.5%	£58.35

	This is the second edition in the DNA series. Created by Master Distiller Jim McEwan, and made using some of the very best casks in the Bruichladdich warehouses. These included American oak Bourbon and the last of their superb sherry butts.		

BR70 Bruichladdich 1970 44.2% **£200.70**

A 2002 distillery bottling of 1970 Bruichladdich matured for about 32 years. This has gone down as one of the best Bruichladdichs in modern memory - a 95 from Whisky Fun's Serge Valentin (and listed as his favourite expression from the distillery), a pile of superlatives in posts across the internet.

BUNNAHABHAIN (boonaHAAven)

The Bunnahabhain distillery lies on the peaceful, sheltered north-eastern coast of Islay, the most southerly of the Hebridean Islands. Built in 1881 its name comes from the Gaelic, Bunnahabhain (Bu-na-ha-ven), meaning 'mouth of the river', a reference to the Margadale, the river from whose clear Spring waters the whisky is distilled. A very lightly peated malted barley is then used for distillation before ageing in cask for 12 years. This is why Bunnahabhain is known as a more subtle of the Islay Malts, with a distinctive oiliness and whiff of sea air that set it apart from the almost universally peaty whiskies that are produced on the island. While the distillery does now also release smoky drams, it's the distinctively oily and almost entirely unpeated whisky that has made its name with whisky fans around the world.

BU12 Bunnahabhain 12yr 46.3% **£17.55**

A giant leap forward for Bunnahabhain 12yo, this edition was launched in summer 2010 with a jump in strength to 46.3% and a declaration of no chill-filtration and no added colouring.

BU89 Bunnahabhain 25yr Boisdale Exclusive Bottling 44% **£50.00**

"The enchanting nose of this magnificent Islay malt gives dried fruit notes with apricot and honey coming to the fore. There is a trace of peat-smoke. The palate is layered and rich with building intensity as the elements displayed on the nose develop. This is a beautifully balanced dram and a most fitting selection to help celebrate the 25th anniversary of Boisdale." – Doug McIvor

BU30 Bunnahabhain 1980 30yr 45.4% **£100.40**

A very limited release of 1980 Bunnahabhain, bottled at a natural 45.4%. The liquid within has a natural strength of 45.4%, with a creamy, silky, sweet oak, liquorice and nutmeg taste with citrus notes, vanilla, eucalyptus and a hint of coconut. The finish is long and elegant with digestive biscuits, lightly spicy with a tingle of ginger and sea salt.

CAOL ILA (COOL-eelah)

Caol Ila Distillery is a Scotch whisky distillery near Port Askaig. Caol Ila is derived from Gaelic for "Sound of Islay" in reference to the distillery's location overlooking the strait between Islay and Jura. It was founded in 1846 by Hector Henderson. Caol Ila is one of the lighter Islay whiskies, pale in colour, with peaty, floral and peppery notes. In addition to being sold as a single malt, it is used heavily (around 95% of their production) in blends such as Johnnie Walker and Black Bottle. Since 1999, the distillery has also produced a non-peated "highland spirit".

CI01	Caol Ila Moch	43%	£19.50
	Taking its name from the Gaelic for 'dawn', Moch is a wonderful newcomer from Caol Ila and is a must-try for fans of this outstanding distillery. Lighter in style than the standard 12yo expression, Moch is a fantastic easy-drinking dram.		
CI12	Caol Ila 12yr	43%	£19.00
	This malt is a fantastically balanced Islay with wheat beer/cloves and wet grass/light salt fish subtleties.		
CI08	Caol Ila 8yr 2008 Unpeated	64.2%	£28.60
	The 8 year old is the youngest special release ever offered by this distillery and is something quite unusual - it is 'Highland' in style and so completely unpeated. Made in limited quantities once each year and usually destined for the blending vats.

KILCHOMAN (kill-ho-man)

The Kilchoman distillery is situated on the western side of Islay, near the small settlement of Kilchoman. The location made it the most westerly distillery in Scotland, until the Abhainn Dearg Distillery started distilling on the Isle of Lewis. The distillery began production in June 2005 and uses barley grown on site at Rockside Farm and malted at the distillery, as well as malt from the Port Ellen maltings and releases separate bottlings depending on the source of the grain. The whisky will primarily age in bourbon casks, though sherry casks will also be employed.

KI01	Kilchoman Machir Bay	46%	£18.10
	Machir Bay is a gorgeous sherry-finished malt from Islay's newest distillery, Kilchoman.		

KI02	Kilchoman Sanaig	46%	£18.60

KI03	Kilchoman 100% Islay	50%	£20.90
	Apart from the 3 years in ex-Buffalo Trace barrels this is made 100% on Islay, using nothing but local ingredients.		

LAGAVULIN (lagaVOOlin)

The distillery of Lagavulin officially dates from 1816. Lagavulin is almost exclusively matured in ex-bourbon casks, meaning its fiery, uncompromising smoke and salted fish character comes storming out of the glass unhindered. Lagavulin's richly peaty process water runs down the brown burn to the distillery from the Solan Lochs in the hills above the distillery. The barley used to distil Lagavulin is malted at nearby Port Ellen and has a strong peat "reek" - it has perhaps twenty times as much exposure to peat smoke as a typical Speyside, Cragganmore. It has converted untold numbers of people to whisky-drinking and remains the firm favourite of countless malt fans worldwide.

LA16	Lagavulin 16yr	43%	£27.00
	Deep, dry and exceptionally peaty bruiser. Probably the most pungent of all Islay malts & has an extremely loyal fan base!		
LA21	Lagavulin 21yr 1991 Limited Edition Bt No: 1875	52%	£155.00

LAPHROAIG (laFROIG)

Laphroaig distillery is named for the area of land at the head of Loch Laphroaig on the south coast of the Isle of Islay and was established in 1815. Laphroaig has been the only whisky to carry the Royal Warrant of the Prince of Wales, which was awarded in person during a visit to the distillery in 1994. The 15-year-old was reportedly the prince's favourite Scotch whisky. Laphroaig calls itself "the most richly flavoured of all Scotch whiskies" and has a peaty/smoky flavour.

LP10	Laphroaig 10yr	40%	£16.80
	Laphroaig 10yo is a full-bodied, smoky gem, with a residual sweetness and a hint of salt amidst the sea weedy, peaty characters.	MEM	£13.50
LP02	Laphroaig Quarter Cask	48%	£18.30
	A sweeter, softer, friendlier Laphroaig that still manages to excite all your senses with the medicinal peatiness in ways that only they know.		

LP03	Laphroaig Triple Wood ***	48%	£19.50
	Formerly a travel retail exclusive, the popularity of the Triple Wood has led to it being launched into the general market. The whisky starts off maturing in regular bourbon casks, before being moved to Laphroaig's bespoke quarter casks for a time. The whisky is then finished in oloroso sherry casks to gently sand off any remaining sharp edges.		
LP01	Laphroaig Lore	48%	£27.30
	Laphroaig Lore is a 2016 addition to the distillery's range. Made up of whiskies aged in a combination of quarter casks, sherry casks and reused peated casks. This is rich and classically peaty with a spicy chili bite and a long, sweet aftertaste.

PORT ASKAIG (port ASS-kaig)

A mystery single malt whisky, produced on Islay and selected to demonstrate the character of the whiskies from the island. The single malts of Islay are arguably Scotland's most talked-about whiskies and are recognised for their sweet, fruity flavours and smoky, peaty character. Port Askaig is a range of single Islay malt whiskies aiming to achieve the perfect balance of these flavours and embody the unique spirit of Islay and its people.

PA10	Port Askaig 100° Proof	57.1%	£19.20
	100° Proof is a cask-strength Islay from Port Askaig. With notes of sweet fruit, peat smoke and minerality, this is a benchmark Islay whisky and a great everyday peaty dram at this price.		

PORT ELLEN (port ellen)

The Port Ellen distillery is located in Port Ellen. It was established as a malt mill in 1825, and then developed as a distillery under John Ramsay from 1833 to 1892. It continued in production throughout the 1970s and was closed in 1983, where it now houses a malting which continues to supply all Islay distilleries. Port Ellen is a versatile malt, with considerable differences of style evident between different bottlings. Some sherry-casked Port Ellen can be beautifully rich, spicy, sweet and leathery; bourbon and refill casks often show a more austere, peppery medium-weighted style.

EI03	Pe3 Elements of Islay	54.8%	£124.70
	First Port Ellen to be bottled from an ex-bourbon cask, as a result, Pe3 is a medium bodied, very medicinal, bandage-y malt.		

BLENDED SCOTCH WHISKIES

Roughly nine out of 10 bottles of Scotch sold around the world are blends – that is, a mix of grain and single malt whiskies. These products are the lifeblood of the industry and the liquid expression of an art form that borders on alchemy: combining myriad components to create one harmonious and consistent whole.

ANNANDALE (ANNAN-dale)

Annandale Distillery was established in 1836 by George Donald and was later bought by Johnnie Walker in 1893 and was closed down in 1924. It has re-opened in 2014 and first cask of unpeated whisky made the news and was put up for sale for a staggering £1million.

BELL'S

In 1851, Arthur Bell (1825–1900) began to blend various single malts together to create a more consistent blended whisky. By 1970, Bell's was the highest selling whisky in Scotland, then by 1978 Bell's became the UK's highest selling whisky. Blair Athol is the main component of the blend. Dufftown and Inchgower still figure, but Glenkinchie and Caol Ila are also components.

CUTTY SARK

It was on 23 March 1923 that the Berry's partners decided to create a new brand of blended Scotch whisky to appeal to American drinkers – Cutty Sark, named after the famous British clipper ship that had recently docked in London. During the latter part of that year cases of Cutty Sark were smuggled into the US to appease demand from drinkers with exquisite tastes – unsatisfied with the often foul-tasting moonshine liquor that were dark from added caramel colour, they sought something more refined in goods smuggled into the country.

GRANT'S

In 1886, William Grant started working in the distillery business as a bookkeeper. In 1898, Pattison's, the largest Scotch whisky blender at the time, suddenly went bankrupt and William Grant stepped in and launched Grant's whisky. GRAIN WHISKIES

To the uninitiated, grain whiskies are the filler in blends, knitting together the real flavour from the single malts and – since they’re typically cheaper to make – keeping the price down. Unfair.

Apart from giving real flavour and texture to blends, well-made grain whiskies have a distinct character all their own.

CALEDONIAN (Mothballed)

Caledonian was founded in 1855 by Graham Menzies in Edinburgh's Haymarket district as the Edinburgh Distillery and was used to make Grain Whiskey. In 1884, it merged with the Distiller Company Ltd (DCL) and was operated by Scottish Grain Distillers Ltd from 1966. The closure took place in 1988. In 1997, the production facilities were partially demolished.

CAMBUS (Mothballed)

The Cambus distillery dates back to the early 1800s - it was opened in 1836 in a village that shares its name near Alloa. Here it quietly produced its whiskies, becoming one of the first members of the Distillers Company Ltd. In 1913, a fire destroyed much of the distillery, forcing it to close until 1938. Cambus produced grain whisky, a lot of which made its way into blends, though you can still find independent bottlings of their single grain if you're lucky (it's fantastic stuff). The distillery was closed in 1993 by its owner, UDV.

TW27 The Tweeddale 27 Year Old - A Silent Character 52% **£27.60**

This is a 27 year old single grain from the sadly shut Cambus distillery in Alloa, drawn from a pair of ex-bourbon casks. Only 500 bottles in this expression were released.

CAMERONBRIDGE

Though there is little hard evidence, Robert Haig was said to have operated the earliest whisky distillery and certainly the earliest ever referenced. It was in 1655, that he was frowned upon by church elders for using his still on the Sabbath and was summoned to appear before the Kirk Session. In 1824, one of his descendants, John Haig, built the Cameron Bridge distillery in Windygates in the Lowlands and it was one of the first distilleries to produce grain whisky.

WR02	Woodford Reserve Rye	45.2%	£15.60
	Released in 2015, Woodford Reserve Rye is only the third expression in the core range. 53% of the mashbill is rye, leading to notes of apple and sweet spice.		
BY01	Basil Hayden's Bourbon	40%	£17.20
	Created in 1796 by Basil Hayden, who went against the grain (no pun intended) by adding in rye into the traditional corn-based mashbill. It was a huge hit and today is one of Jim Beam's 'Small Batch' range of bourbons.	MEM	£13.80
BL01	Blanton's Original Bourbon	46.5%	£34.40

JF01	Jefferson's Bourbon ***	41.2%	£14.30

MM46	Maker's 46	47%	£16.40
	The first new Maker's Mark recipe for at least 50 years, Maker's 46 is named for the number of different wood 'recipes' they tried before getting it right. WR03	Woodford Reserve Double Oaked	43.2%	£19.90
	An interesting twist on Woodford Reserve's classic straight bourbon. The whiskey is first matured in new charred white oak barrels, as usual, but before bottling is transferred to special heavily toasted, lightly charred finishing barrel. This gives it quite a different flavour to normal, with lots of spicy oak coming through on the palate.		
VB01	Van Brunt Stillhouse American Whiskey	42%	£16.75
	Full of youthful energy, this mixed-grain American is defined by wholesome cereal, herbal high notes and a hint of tobacco on the finish, all set against a surprising malty backdrop. Unashamedly direct, you might be tempted to mix it, but to dilute this would be a mistake – pour it, add a dash of water and appreciate it for what it is: American whiskey by name and nature.	MEM	£13.40
VB02	Van Brunt Stillhouse Rye Spirit	42%	£16.75
	Enter: a particularly exciting aroma – look out for a flourish of fresh spring flowers on the nose. The palate is deeper, with chocolate and coffee notes lifted by a touch of spice and opening up into bright cherry Bakewell flavours toward the end. A vibrant rye whisky which would sit comfortably at the base of a Manhattan.	MEM	£13.40
JD03	Jack Daniel's Single Barrel Rye	45%	£21.30
	Jack Daniel's Single Barrel Rye is the brand's first new mash bill in 150 years. The use of 70% rye adds extra spice to notes of ripe fruit & toast.		
AE01	Angel's Envy Port Finish	43.3%	£14.90
	An interesting bourbon with a unique twist - after the initial maturation it takes a leaf out of Scotch Whisky's book and spends between 3 and 6 months finishing in port barrels		
BC01	Balcones Brimstone	53%	£22.50
	A smoky whisky with a difference. Firstly it's made in Texas by Balcones and secondly the smoke comes from a secret process involving Texas Scrub Oak. This is not smoky whisky like you've had before – a mix of campfires, fruit and youthful corn.		
JD04	Jack Daniel's Sinatra Select	46%	£25.95
	A special edition from Jack Daniel's, celebrating one of the whiskey's biggest fans – Frank Sinatra. For more than 50 years, JD was a firm favourite of Ol' Blue Eyes, regularly appearing in his hand as a tipple of choice. This release is not only bottled at a stronger 45%, but is also partly matured in 'Sinatra barrels', grooved on the inside to allow more wood/spirit interaction, developing a deeper and more intense flavour.

GLOSSARY

ABV – alcohol by volume is the alcoholic strength measured as the percentage of alcohol present.

Age Statement – gives the age of the youngest component of the whisky. In Scotland the minimum that this can be, by law, is 3 years. Maturation stops at bottling.

Angel's Share – the tiny portion of alcohol that evaporates from a cask during maturation. This is approximately 2% of the contents of a cask per year in the UK.

Blended (vatted) Malt – a whisky made up of two or more single malts which have been blended together. This way the drink can be more consistently 'tuned' to bring out a particular character. Consequently the whisky can taste slightly less hard-core, so can be a good place to start for beginners. No grain whisky allowed.

Blended Scotch – a whisky which contains a variable amount of blended malt and grain whiskies. Usually there will be about 40% malt to 60% grain. The final taste is called a 'top dressing', which is a highlight in itself.

Cask Strength – also known as barrel proof, this describes the ABV use for a whisky during its time in a cask when maturing. This usually knocks around the 60-65% mark.

Casks – the wooden barrels used to mature whisky, usually made from oak. They come in all sorts of shapes and sizes.

Charring – burning the inside of the cask. The blackened result accelerates the leakage of natural compounds from the wood to the whisky.

Chill Filtration – when natural substances which make whisky go cloudy are removed before bottling. Metal meshes and chilling are involved, in a process which some would describe as 'a faff'.

Cooper – the highly skilled person who makes the casks.

Distillation – the process wherein the whisky wash is heated in the still, causing the alcohol vapours to evaporate, travel along the lyne arm, and condense back into a liquid again. Whisky is often double or triple distilled.

Distillery – the production site of whisky, the true birthplace.

Dram – the traditional Scottish name for a glass of whisky.

Fermentation – the process of converting sugars into carbon dioxide and alcohol, with the addition of yeast and enzymes. Once there is enough alcohol, the yeast dies.

Floor Malting – an old school way of producing malted barley, by soaking it in water and laying it out on a wooden floor for about a week until germination starts to happen. This method is labour intensive as the barley is turned by hand.

Graff – any grain husks or residue left over after mashing, this is usually then recycled as cattle feed.

Grain Whisky – the raw materials here tend to be unmalted barley, wheat or maize.

Grist – malted barley which has been ground beyond recognition, into a powder which can be added to water to become mash. The natural sugars can then dissolve into the liquid.

Malt – barley which has been encouraged to germinate by being soaked in water, before being dried out to stop it germinating any more. Basically, we mess the barley around to the point where the starch is converted into soluble compounds which makes fermentation possible.

Malt Kiln – the huge oven of a room in which barley is heated to stop the germination process and remove moisture, in preparation for milling. These can either be fuelled by peat, coal or oil.

Malt Whisky – the raw base of malt whisky is barley malt, fermented with a bit of yeast for good luck. Generally this kind of whisky is seen as far superior to the common grain whisky used for blends.

Marrying – mixing two types of whisky together.

Mash Tun – the vessel in which the mashing occurs.

Mashing – this is the bit where grist is added and crushed in warm water, so that the natural sugars can dissolve to make a syrupy solution before fermentation. All of this take place in a large tank called a mash tun, and the solution is called wort. The wort is eventually passed to the washback tank ready for fermentation.

Master Blender – the lucky devil who selects and mixes whiskies of different origins to achieve enviable flavour profiles.

Maturation – the time taken for a whisky to gain its optimum level of character from the wooden cask in which it is stored. All sorts of wonderful things happen here; natural oils being passed off from the wood being just one of them.

Milling – grinding the dried malted barley into grist.

Monkey Shoulder – the repetitive strain injury that commonly occurred after floor malting.

Mothballed – the act of closing a distillery indefinitely to be revisited or reused in the future.

NAS – No Age Statement whisky does not reveal its age. In Scotland, it will still be at least 3 years old as this is the minimum legal requirement.

Neat – whisky served on its own, straight up, showing off.

Nose – the aroma of whisky; a spirit so great that it has its own word for ‘smelling’ which is, you got it, ‘nosing’.

Peat – decomposed vegetation which forms a bog, but can then be cut in slices to lace malt kilns during the whisky production. It might not sound gourmet, but peat gives Scotch its smacks of smokiness.

Pot Still – usually made from copper, thanks to magical conductive skills, these are essentially huge kettles, or pots, in which the whisky wash is heated. The vapour runs through the neck and starts condensing in the lyne arm.

PPM – the abbreviation of parts per million, the scientific measurement which represents the amount of phenols present in whisky, which will have been absorbed by the burning of peat.

Proof – traditionally means ‘of tried strength and quality’, but in basic terms it is typically defined as twice the percentage of alcohol by volume. It’s the way Americans like to determine alcoholic strength...so 50% ABV is 100 proof. Or 50% ABV, as you were.

Scotch – whisky that has been exclusively matured and distilled in Scotland.

Scotch on the rocks – the act of enjoying your whisky with ice, otherwise known as whisky suicide.

Single Malt – a whisky by this definition has been produced solely in one distillery, and has not been blended with any ingredients or produce from elsewhere. However, the whisky could contain several whiskies which have been produced over a couple of years.

Tasting notes – describe the flavour of whisky.

Wash – the alcoholic liquid which is used to make whisky.

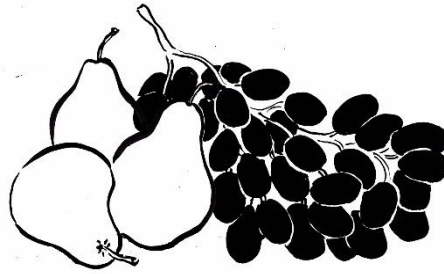

Wash Still – stills usually operate as double acts and this is the first and largest of the two. The second round of distillation happens in the spirit still.

Washback – the massive stainless steel (or wooden) vat in which fermentation takes place.

Whisky – knowing what whisky is, is a great start to becoming a connoisseur of the stuff. The barley based brilliance bore its name from the Scottish and Irish Gaelic phrase ‘uisge beatha’, or ‘water of life’, and gradually worked its way into being just “whisky”.

Wort – the questionable word for the sugary solution that goes forward to the fermentation process.
