LOWLANDS

There's more distillation in the Lowlands than any other Scottish region, but its days as a significant single malt player are consigned to history. This is the home of the blend, and of the large quantities of grain whisky which form its foundation – but a few producers keep up the trademark light and grassy Lowland malt style.

ANNANDALE (ANNAN-dale)

Annandale Distillery was established in 1836 by George Donald and was later bought by Johnnie Walker in 1893 and was closed down in 1924. It has re-opened in 2014 and first cask of unpeated whisky made the news and was put up for sale for a staggering £1million.

AN01	Man O'words 2015 Bourbon Cask # 150	61.6%	£28.60
	Inspired by Scotland's famous poet Robert Burns, this 2015-vintage Man O'Words is an elegant single malt from Annandale distillery, matured in a single ex-bourbon cask.	MEM	£22.90

AUCHENTOSHAN (OCHun–TOShun)

Founded by Irish refugees in 1825 on the outskirts of Glasgow, Auchentoshan is one of the last active distilleries in the Lowlands. In common with other Lowland (and Irish) whiskies, Auchentoshan malt whisky is distilled three times (as opposed to most Scottish malt whisky, which is distilled twice). This triple-distillation has the effect of softening the flavour and body of the end product.

AU01	Auchentoshan American Oak	40%	£14.10
	Auchentoshan American Oak was introduced in 2014 to replace the Classic. Matured exclusively in first-fill bourbon casks, this is a vanilla-rich and fruity whisky.	MEM	£11.30
AU12	Auchentoshan 12yr	40%	£16.90
	Cereals and exotic fruits on the nose with sherried tannins, a little sweet barley and vanilla in the mouth. Dry and very long finish, with a little sweetness from the barley.	MEM	£13.60
AU03	Auchentoshan Three Wood	43%	£18.30
	The ever-popular Auchentoshan 3 Wood is matured initially in bourbon casks before being finished in Oloroso then Pedro Ximénez casks for an extra layer of rich, sweet fruitiness.		

Boisdale recommends Larkfire Wild Whisky Water with your dram @£2.00 supplement.

BLADNOCH (BLADnoch)

Scotland's most southerly working distillery has an echoing connection with Northern Ireland. Built in 1817, the distillery was sold in 1911 by the founding McLelland family to the Belfast based whisky merchant Dunville & Co., who made their own whiskey in Ireland but were in need of stocks of Scotch to fulfil customer demand. In late 2016, Prior officially relaunched Bladnoch, and announced three new expressions, created from aged stocks by master distiller Ian MacMillan: the no age statement Samsara, the 15-year-old Adela and the 25-year-old Talia.

BD01 Bladnoch Vinaya 46.7% **£17.40**

Made with the finest local ingredients, Bladnoch Vinaya has been matured in a combination of ex-bourbon and ex-sherry casks to create a sweet, refreshing character with aromas of summer flowers, grass and boiled sweets on the nose. The palate offers notes of fresh green apples, milk chocolate and white pepper that linger in the finish.

GLENKINCHIE (glen KINsee)

Founded in 1825 in the outlying farmland around Edinburgh as Milton distillery (before being renamed in 1837), Glenkinchie languished in obscurity for over 150 years before becoming an international brand almost overnight at the end of the 1980s. Prior to this time, the distillery's main claims to fame were as one of the five original Lowland distillers to found Scottish Malt Distillers Ltd; and as one of very few distilleries to continue production throughout the Second World War.

GK12 Glenkinchie 12yr 43% **£18.20**

The nose is quite light, yet fragrant, fresh cereal and first, some barley sweetness and a nutty note. The palate is very fruity with notes of Madeira and sweet stewed fruits. A hint of calvados and tannic oak lining the mouth. The finish is of medium length with notes of cereal and a fresh greenness.

MEM £14.60

Holyrood (ho-lee-rood)

Holyrood Distillery was established in 2019 in the centre of Edinburgh's historic old town. In 2025, we were awarded the prestigious global Icons of Whisky 'Distiller of the Year' award at the World Whiskies Awards.

HLR21 Holyrood 2021 3yr Duncan Taylor Single Cask 54.7% **£20.30**

Distilled in 2021, the whisky spent three years maturing in a single cask, yielding a total of 371 bottles when it was opened in 2024

HIGHLANDS

Scotland's largest whisky region boasts a dizzying array of styles, from rich and textured to fragrantly floral, as befits an ever-changing landscape of coastline, moor and mountain. Even without the famed Speyside enclave, you'll find some of whisky's most famous names here – and some of its most fiercely individual spirits.

ABERFELDY (aberFELdy)

Aberfeldy Distillery is the home of the highly-acclaimed Aberfeldy 12 and Aberfeldy 21 single malt Scotch Whisky. The distillery is located where Perthshire's highest mountain, deepest loch, and longest glen meet, and is historically and geographically the 'Heart of Scotland'. Aberfeldy's main claim to fame is as the heart of the excellent Dewar's blend.

AB12	Aberfeldy 12yr	40%	£17.20
	Creamy with sherried fruit, a touch of honey and spice on the nose. A sweet, malty, marmalade-like taste with a mellow malty and citrusy finish.	MEM	£13.80
AB16	Aberfeldy 16yr	40%	£22.30
	Aberfeldy 16-year-old was released in 2015 as part of The Last Great Malts series. Matured in a combination of bourbon and sherry casks, this has lovely balance between sweetness and spiciness.		
AB21	Aberfeldy 21yr	40%	£44.30
	An excellent value 21yo Aberfeldy, showcasing the richer end of the Highland spectrum with plenty of sherry influence.	MEM	£35.50

BLAIR ATHOL (blair ATHol)

Blair Athol distillery was founded under the name 'Aldour' in Pitlochry in 1798, only taking its current name in 1825 following expansion work by the owner Robert Robertson. The distillery is located near Pitlochry in Perthshire and the liquid is used in Bell's Blended Scotch.

BA12	Blair Athol 12yr Flora & Fauna	43%	£17.30
	This expression has always tended towards the chunky, sherried style, with spices and oak adding complexity to rich maltiness and Christmas pudding notes plain to see. Blair Athol does not receive the acclaim it so thoroughly deserves.		
BA18	Blair Athol 18yr Rigby's Bottling	43%	£33.30
	"After a sodden but rewarding day in the field, your mind drifts to the thought of lighting the woodburner and sinking your weary body into your favourite leather wingback. The only other element missing from this inviting image is a single malt. Relishing a whisky while penning notes in your tatty game book is the tranquil moment that rounds off a challenging day impeccably. An experience shared with a Rigby single malt is an experience doubled."		

BRORA (Mothballed) (BRORA)

A cult malt with a sad story to tell. Originally known as Clynelish, this distillery became a victim of its own success when a new distillery was built alongside it to increase capacity only a few years before the slump of the late Seventies and early Eighties. The new distillery took over the name, and the old distillery was renamed and limped on until being mothballed in 1983.

BR30	Brora 30 Year Old - 3rd Release (Special Release 2004)	55.7%	£201.20
	Gorgeous fruit, with much less emphasis on smoke & peat this time. One of the best whiskies we've ever tasted here at Boisdale and that is no mean feat. Only 3000 bottles made and unfortunately not many left.	MEM	£161.00

CLYNELISH (cleinLISH)

Built in 1967 in a rural setting in the Northern Highlands opposite its now-silent sister distillery, Brora, Clynelish has continued to produce a muscular, slightly peaty whisky much valued by blenders – it is one of the base spirits for the excellent Johnnie Walker Gold Label.

CL14	Clynelish 14yr	46%	£18.20
	Rich and complex, this unfolds slowly and has richness, balance, texture, sweet waxy fruits and a lift of smoke. Some package.		
CL20	Clynelish 20yr1997 Illuminati - Candlelight Series	55.3%	£48.90
	A Whisky Illuminati bottling of 20 year old Clynelish single malt, distilled back in 1997. After two decades of maturation in a single American oak hogshead, this whisky was bottled for the Candlelight Series with an outturn of just 251 bottles.		

DALMORE (dalMORE)

Dalmore distillery was built in 1839 by Alexander Matheson, who immediately leased it to the Sunderland family, who ran it for over thirty years until 1869, when the lease was taken over by three Mackenzie brothers, Alexander, Charles and Andrew.

DA12	Dalmore 12yr	40%	£22.70
	Dalmore 12 is aged for the first nine years in American white oak ex-bourbon casks, before half is transferred to ex-oloroso sherry casks for the final three years. The result is a whisky with a combination of sweetness and rich, sherried flavours.		

DA15	Dalmore 15yr	40%	£30.30
15 years in bespoke Matusalem, Apostoles and Amoroso sherry butts from Jerez de la Frontera have been elemental. It is elegant and smooth, with lip-smacking texture and the flawless balance one would expect from blending maestro Richard Paterson.			
DA01	Dalmore Cigar Malt Reserve	40%	£34.30
The Dalmore Cigar Malt Reserve benefits from a selection of stocks drawn from casks of 3 types: American white oak ex-bourbon casks, 30 year old Matusalem sherry butts and premier cru Cabernet Sauvignon wine barriques.			
DA18	Dalmore 18yr	43%	£70.50
The 18 year old malt is as rich, fruity and spicy as you could ever want from a Dalmore. Kudos to Richard Paterson for creating another veritable chocolate orange of a whisky - a sure-fire hit, and great for the colder months. It is aged for 14 years in American oak, followed by three years in Matusalem sherry butts, before a final year in sherry butts.			

DALWHINNIE (dalWHINnie)

Dalwhinnie was the highest working distillery in Scotland between 2002 and 2008, but the re-opening of Braeval in July of that year has robbed the distillery of that title. However, the villagers can take cold comfort from the fact that their Grampian location still retains the lowest average annual temperature in Scotland (6°C).

DW15	Dalwhinnie 15yr	43%	£19.30
Elegant, smooth and medium-bodied with a light, fruity palate and a whiff of heather on the finish.		MEM	£15.50

DEANSTON (deanston)

Deanston is housed in a former cotton mill in the central Highlands that dates back to the late eighteenth century. The buildings were converted in to a distillery in 1966. It was acquired by Invergordon in 1972, but ceased production in 1982 and was mothballed until 1990, when it was bought and re-opened by Burn Stewart Distillers.

DE12	Deanston 12yr	46.3%	£17.40
A 2015 addition to the Deanston range, this expression has been matured for 12 years, including a finishing period in first fill Kentucky bourbon casks. It was bottled without chill filtration at 46.3% ABV. Oodles of rich honey, luxurious vanilla, sugary shortbread and a touch of fresh ginger.			

Boisdale recommends Larkfire Wild Whisky Water with your dram @£2.00 supplement.

EDRADOUR (edraDAUWer)

Edradour is one of the smallest distilleries in Scotland. Production is overseen by just three men, including the distillery manager, and the distillery's output is just 12 barrels (600 gallons) per week from four wash runs.

ED10	Edradour 10yr	40%	£18.00
	Edradour is one of Scotland's smallest distilleries and at the heart of the range, this 10 year old Eastern Highlander is a rather unique single malt, a decidedly rum-like dram with a thick mouthfeel.	MEM	£14.50

GLENCADAM (glen Kadam)

This pretty and immaculately maintained distillery opened for business in 1825, just one year after legitimate distilling on a large scale was legalized. Since then a number of owners have operated the distillery and produced Glencadam malt in their blends. Happily, each owner was careful not to spoil the charming character of Glencadam.

GC02	Glencadam American Oak Reserve	40%	£13.60

GC15	Glencadam 15yr	46%	£22.00
-------------	-----------------------	-----	---------------

Glencadam 15 has gone from strength to strength since a packaging facelift in 2009, at which time the strength was upped to 46% by owners Angus Dundee, who took over the distillery from Allied in 2003. An under sung distillery that is now starting to stretch its wings with some very good value for money whiskies.

GLENDRONACH (glen DRONach)

Glendronach was founded in 1826 by James Allardice (also spelt Allardyce and Allardes), and almost completely destroyed by fire a decade later. After the rebuild, Allardice - a colourful character - is rumoured to have accidentally ensured the popularity of his whisky in Edinburgh in the 1840s by gifting a quantity of it to some local prostitutes after a failed sales trip to the city.

GD12	Glendronach 12yr Original	40%	£18.60
-------------	----------------------------------	-----	---------------

A dense, heavily-sherried dram from a distillery now producing again after a six-year layoff. A malt best suited to after-dinner sipping. A solid sherried whisky.

MEM £14.90

GLENGOYNE (glen GOYNE)

Glengoyne Distillery is a whisky distillery continuously in operation since its founding in 1833 at Dumgoyne, north of Glasgow, Scotland. Glengoyne is unique in producing Highland single malt whisky matured in the Lowlands. Located upon the Highland Line, the division between the Highlands and Lowlands of Scotland, Glengoyne's stills are in the Highlands while maturing casks of whisky rest across the road in the Lowlands. Unlike many malt whisky distilleries today, Glengoyne does not use peat smoke to dry their barley, but instead uses warm air.

GG10	Glengoyne 10yr	40%	£17.50
-------------	-----------------------	-----	---------------

Glengoyne is one of the only Scottish whiskies to be distilled from completely unpeated malt - the malt is allowed to dry naturally before fermentation and distillation begin, resulting in an elegant, medium-bodied style.

MEM £14.00

GG12	Glengoyne 12yr	43%	£19.00
-------------	-----------------------	-----	---------------

The 12 year old highlander from Glengoyne has some extra maturity when compared to its 10 year old sibling. The 12 year old naturally dried malt offers a high quality of soft and fruity notes in a very natural way.

GG18	Glengoyne 18yr	43%	£32.50
-------------	-----------------------	-----	---------------

The distillery claims to have the slowest distillation in Scotland. This bottling has notes of vanilla and apples with a luxurious richness due in part to its high proportion of first-fill sherry casks

GLENTURRET (glen ord)

Glenturret claims to be the oldest active distillery in Scotland, but as is often the case with extravagant PR claims, the truth is never quite so simple. What is not in question is that distillation has taken place in the Crieff area on the site now occupied by the Glenturret distillery since at least 1775, with some sources indicating the presence of illicit stills going back at least to 1717.

GT01 Glenturret Triple Wood 2022 45% £17.90

The 2022-release of Glenturret Triple Wood is a sweet and spicy single malt that was matured in a combination of American and European oak sherry casks and ex-bourbon barrels.

OBAN (ooBAN)

Oban distillery is a whisky distillery in the Scottish west coast port of Oban. Established in 1794, it was built before the town of the same name, which sprung up later in the surrounding craggy harbour. It has only two pot stills, making it one of the smallest in Scotland, producing a whisky that has been described as having a "West Highland" flavour that falls between the dry, smoky style of the Scottish islands and the lighter, sweeter malts of the Highlands.

OB14 Oban 14yr 43% £25.60

Oban is a superb full bodied fruity malt with a whiff of heather and more than a hint of smoke.

PULTENEY (PULT'ney)

The distillery produces the Old Pulteney single malt whisky at a number of ages. TEANINICH (thaiNINich)

Teaninich is a whisky distillery in Alness. It was founded and built in 1817 by Hugh Munro on his estate of Teaninich Castle. In 2000 a mash filter press was installed in the distillery, which is unique in Scottish malt whisky production; all other Scottish whisky distilleries use mash tuns. In April 2013 owner Diageo announced a new renovation of the distillery. They also announced a new distillery with 16 new stills will be placed next to the old distillery. The distillery mainly produces malts for blending, and it is used in Johnnie Walker Red Label.

TOMATIN (tomàTIN)

Tomatin distillery is a single malt Scotch whisky distillery in the village of Tomatin. Its whisky is classified as being from the Highland region, as it is 25 minutes south of Inverness. The distillery operated with only two stills until 1958. Starting at that time, they began to add stills to increase production capacity. Around eighty percent of Tomatin's whisky goes into blended whisky, including its own brands of Antiquary and Talisman.

This sherry-finished version was relaunched in 2010 and is a noticeable improvement on the old 12yo.			

ABERLOUR (aberLOUR)

Situated at the junction of the rivers Lour and Spey, the distillery is surrounded by glorious scenery, dominated by the rugged peaks of Ben Rinnes a short distance away. Pure spring water for making the whisky is drawn from the Lour, and the maturing spirit in the warehouse beneficially inhales the moist Speyside air. Aberlour is an ancient place as well as a beautiful one. For more than 1,400 years there has been a community there and signs of its long heritage are all around, from the age-old oak trees above Linn Falls to the mysterious standing stones on Fairy Hill.

AUCHROISK (ar-thrusk)

The Auchroisk distillery is a whisky distillery in Banffshire. CRAGGANMORE (kragganMORE)

Cragganmore is a Scotch whisky distillery situated in the village of Ballindalloch in Banffshire, Scotland. The distillery was founded in 1869 by John Smith. The stills used in the second distillation (the spirit still) of Cragganmore whisky are unique in having a flat top and being relatively short. The stills' shape has a definite effect on the taste and aroma (nose) of the whisky.

DAILUAINE (dal-HOOànjeh)

Dailuaine is a single malt whisky distillery in Charlestown-of-Aberlour, Strathspey, Scotland. The Distillery was founded in 1852 by William Mackenzie. Despite being a very well-respected single malt, Dailuaine has never been a part of Diageo's Classic Malts range, and very few official bottlings have been released. For the same reason, independent bottlings are few and far between. The Flora and Fauna 16 year-old bottling remains the main expression, and is much-praised for its assertive, sweet, richly-sherried profile.

GLENLOSSIE (glen LOSSee)

Glenlossie is a whisky brand near Elgin, Scotland. The distillery was founded in 1876 by John Duff. The water of the distillery belonging to the Speyside region comes from Bardon Burn, as is the nearby Mannochmore distillery. Given that Glenlossie was named as one of only twelve 'top class' malts by blenders in 1974, it is perhaps surprising that the distillery is so little-known. The reason, however, is easy to determine - the blender's high regard means that demand for Glenlossie remains extremely high, and as a result less than 1% of the distillery's output is kept back for single malt.

GL10	Glenlossie 10yr 'Flora and Fauna'	43%	£19.80

GLEN SPEY (glen spey)

The Glen Spey distillery is a single malt Scotch whisky distillery in Rothes, Aberlour, Banffshire at the centre of the Speyside whisky producing area of Scotland. Glen Spey (along with Glenlossie and Strathmill) continues to use 'purifiers'. Purifiers act as small condensers, returning a proportion of the alcohol vapours back to the pot to be re-distilled. So, this would increase the amount of 'reflux' within the pot stills. This results in a lighter spirit.

This is one of your only chances to try the output from this quietly elegant distillery as usually used in blends.

JOHN CRABBIE

John Crabbie's legendary whisky company has been given a new lease of life and is to start producing whisky again in their new Edinburgh distillery. In the meantime they have launched a series of whiskies from various distilleries.

JC12 John Crabbie 12yr 43% **£12.90**

This 12-year-old single is from an undisclosed Island distillery. Grassy, malty notes and a long smoky finish.

KININVIE

The Kininvie distillery is a distillery in Dufftown, Moray. It is one of the youngest distilleries in Scotland, began production on 4 July 1990. The product from the distillery is used in blended malt and blended whisky brands. The liquid used by the Kininvie Distillery in their wash backs was piped from the Balvenie distillery some 200 meters away.

KN23	Kininvie 23yr Batch 2	42.6%	£60.70
Reminiscent of orange, rather than the lemon on the nose. There are late notes of warming wood spice especially cinnamon and earthy ginger which add depth, along with honeysuckle and jasmine.			

LINKWOOD (link wood)

The Linkwood Distillery is situated in Elgin. The distillery was built in 1821. Linkwood has long been prized by blenders, and the vast majority of production goes into Johnnie Walker and White Horse blends.

LI12	Linkwood 12yr Flora & Fauna	43%	£18.80
'Rounded yet delicate. Apples again, tingly spiciness. Fills and perfumes the mouth. Delicious...a classic example of a relatively light and fragrant whisky that has real complexity and a gorgeous feel. 8/10' Dave Broom, Whisky Magazine, Nov 2002.			

THE MACALLAN (macALan)

Macallan is the most sought-after whisky for collectors, and here you'll find a huge range of Macallan Scotch whisky. Over the past four decades, Macallan has built probably the best reputation for quality malt whisky; rare expressions can change hands for thousands of pounds, and prices for such bottles are continuously going up. Macallan has built its enviable reputation by focusing on the fact that they mature their core range in 100% sherry oak barrels.

MC12	Macallan 12yr Double Cask	40%	£24.10
Macallan 12 Year Old Double Cask has been aged in a combination of American oak and ex-sherry casks. This is a rich whisky which combines fruity citrus and caramel with spicy ginger and nutmeg.			
MC01	Macallan 12yr Sherry Oak	40%	£27.10
Deliciously smooth, with rich dried fruits and sherry, balanced with wood smoke and spice.			

MC46	Macallan 1946 56yr	44.3%	£2718.40
	This Macallan 1946 is rather unusual, in that it was made with peated malt due to the high post war prices of coal. It also happens to be one of the greatest Macallans ever released in our opinion. The initial release of this was quite large and took a while for the distillery to sell, but it is now recognised as a classic Macallan and its reputation is assured	MEM	£2174.80

MANNOCHMORE (manNOCHmore)

Mannochmore is a distillery near Elgin. The distillery was founded in 1971 by John Haig & Co. After a brief re-closure in 1995, the distillery only produces for twelve months and then has a break of twelve months alternating with the nearby Glenlossie distillery, with which it shares the employees. The water of the region Speyside, which the distillery belongs to, comes from Bardon Burn.

MN12	Mannochmore 12yr 'Flora & Fauna'	43%	£18.70
	The Mannochmore edition from the Flora and Fauna range. The series is a great showcase of mid-aged malts, this offers loads of character.		

SPEYBURN (spey burn)

Speyburn Distillery was founded in 1897. The site was chosen by John Hopkins himself for its unpolluted water supply from the Granty Burn. It is this soft Speyside water that is acknowledged as a distinctive characteristic in the unique flavour and bouquet of this classic single malt. Although no longer in use, Speyburn is the only distillery in Scotland to retain 'drum malting's'.

SP10	Speyburn 10yr	43%	£14.30
	Pretty much the only expression of Speyburn on the market until 2008. The 10 year old may now have stable mates but it still keeps its place as the easy drinking centre of the range. Speyburn continues to gather quiet momentum in the wake of updated packaging and 2012's shock World Whisky Award win for the 25 year old.	MEM	£11.50

STRATHMILL (strathMILL)

Strathmill is one of three distilleries within the Moray town of Keith at the heart of "Malt Whisky Country" which was founded in 1891. The name deriving from the Gaelic word 'Strath' meaning "shallow valley" and "mill" relating to its former use. Michale Jackson describes the house style as 'The whisky world's answer to orange muscat. With dessert.'

ST12	Strathmill 12yr 'Flora & Fauna'	43%	£17.10
A rare bottling from the now discontinued, and beautifully packaged, Flora and Fauna range. This 12 year old was distilled at the Speyside based Strathmill distillery.

Island single malts is a general term for single malt Scotch whiskies produced on the islands around the perimeter of the Scottish mainland. The islands (excluding Islay) are not recognised in the Scotch Whisky Regulations as a distinct whisky producing region, but are considered to be part of the Highland region.[1] Islay is itself recognised as a distinct whisky producing region (see Islay whisky). The whiskies produced on the Islands are extremely varied and have few similarities, though can often be distinguished from other whisky regions by generally having a smokier flavour with peaty undertones.

HIGHLAND PARK (highland park)

Established in 1798 on Orkney, Highland Park is one of the most remote Scotch whisky distilleries in the world. This northerly island location gives access to unique heather peat from the distillery's own moor, water from the same spring that has fed the distillery for more than 200 years, and the cool, maritime climate that allows the spirit to interact with the carefully-chosen oak casks and develop into the fabulously rich, layered whisky that is consistently lauded by connoisseurs and experts.

Jura distillery is a Scotch whisky distillery on the island of Jura in the Inner Hebrides off the West Coast of Scotland founded in 1810. It was dismantled in 1901 and rebuilt on the same site in 1960. The new distillery was producing malt more akin to the Highland style rather than the heavily-peated whisky of near-neighbours Islay.

CAMPBELTOWN

Campbeltown was once a thriving malt whisky region of no fewer than 34 distilleries – no mean feat for a small and remote settlement at the bottom of the long Kintyre peninsula. Now only three producers remain, but they make up for their paucity by producing five distinctive malt whiskies between them. Campbeltown's whisky-making fame endured the length of the 1800s, and even after its 34 distilleries were all but halved in number by a slump in the 1850s, its distinctive style was still highly prized at the dawn of the 20th century. What followed was a catastrophic fall from grace, brought about by a number of factors, including improved transportation links to the rival distilleries of the remote north, and a decline in quality as unscrupulous distillers cut corners and churned out mass-produced rotgut.

GLEN SCOTIA (glen SCOsSha)

Glen Scotia distillery was founded in 1832 in Campbeltown, Scotland. Glen Scotia is one of the smallest distilleries in Scotland. Their whiskies have all been created to keep to an authentic 'Campbeltown Malt style' culminating in the Victoriana where the distillery has aimed to re-create a modern interpretation of classic Victorian Campbeltown Malt.

ISLAY

The southernmost of its island chain, Islay is known as ‘The Queen of the Hebrides’ – and is certainly the reigning monarch of a typically smoky, peaty style of single malt whisky. But there’s much more to this beating heart of distillation, which has eight active producers – and more to come. Amid all the talk of Islay’s famous active distilleries, the island also boasts one of the most legendary of ‘lost’ producers: Port Ellen, which closed its doors in 1983. It’s strongly smoky, turfy flavours were an artist’s study of the most typical Islay style and its whiskies remain among the most sought-after

ARDBEG (ardBEG)

Ardbeg Distillery is a Scotch whisky distillery in Ardbeg on the south coast of the isle of Islay, Argyll and Bute, Scotland, in the Inner Hebrides group of islands and was founded in 1815. It produces a heavily peated Isla whisky and uses malted barley sourced from the malting's in Port Ellen. Ardbeg seldom release whiskies with age statements. Ardbeg often bottles its whisky at a higher alcohol by volume (abv) than the minimum 40%, and they no longer chill filter their whisky. Both of these measures are thought to yield a more full-flavoured whisky.

AG02	Ardbeg Uigeadail	54.2%	£23.40
	A fine drop of Ardbeg bottled at cask strength. A marriage of Ardbeg from bourbon barrels and sherry butts which gives a sweet and smoky finish to this malt. Uigeadail is the loch from which all Ardbeg water flows. An absolutely stunning whisky, and following the demise of Airigh nam Beist, this probably represents the best value in the core range.		
AG03	Ardbeg Corryvreckan	57.1%	£26.80
	As a replacement for the much-loved 1990 Airigh nam Beist, Ardbeg Corryvreckan had some pretty big shoes to fill, but the good news is that this is a belter, winning World's Best Single Malt Whisky at the World Whisky Awards 2010 and Best No Age Statement Scotch from Jim Murray's Whisky Bible.		
AG25	Ardbeg 25 Year Old Lord of the Isles	46%	£236.40
	At 25 years old this whisky embodies the richness, depth and sweetness of all Ardbegs. Light gold in colour and powerful in character. A phenomenal, much-sought-after bottling of a really outstanding malt.		

BOWMORE (bowMORE)

Bowmore was the first of Islay's distilleries to receive a licence, springing fully-formed into official existence in 1779. It is likely that the founder of the distillery, one William Simson, had been distilling in Bowmore since shortly after his arrival in 1766, at a time when Daniel Campbell the Younger (the laird of the island) was expanding the village into the island's capital. The distillery passed through four owners before 1963, when it was bought by the Morrison family, who sold to the Japanese whisky company Suntory in 1994.

BW12	Bowmore 12yr	40%	£16.70
	The heart of the Bowmore range, the 12 year old exhibits some beautiful coastal notes with a gentle peat, it is the balance that the floral element presents that makes this a great entry bottling for Bowmore.		
BW15	Bowmore 15yr Darkest	43%	£24.10
	A 15 year old released in January of 2007 from the legendary Bowmore distillery in Islay. This single malt has enjoyed maturation in Oloroso sherry casks. Dark and punchy with sherry notes, juicy Corinth raisins and spices. Creamy, mochaccino and sweet dates. Spicy, toffee with sherry and barley.		
BW18	Bowmore 18yr	43%	£34.20
	A popular expression in Bowmore's ongoing range, this replaced the 17 year old, which was phased out a few years ago. Fresh, with notes of salty kippers and coal smoke.		
BW25	Bowmore 25yr	43%	£88.00
	A 25 year old from the Bowmore distillery aged in American bourbon and Spanish sherry casks. The sherry influence combines wonderfully with the coastal, smoky distillery style to create a sublime aged single malt.		

BRUICHLADDICH (BROOìch-LADDich)

Bruichladdich Distillery is a distillery on the Rhinns of the isle of Islay, the westernmost part of the island and was founded in 1881. The distillery produces mainly single malt Scotch whisky, but has also offered artisanal gin. One interpretation of the Gaelic word Bruichladdich is "stony shore bank", referring to a post-glacial raised beach, though an alternative, perhaps more pertinent translation may be "rocky lee shore". All the distillery's whiskies are sold as single malts, with those designated Bruichladdich being unpeated. All barley used is exclusively Scottish, some of which has been grown on Islay since 2004.

BR01 Bruichladdich Classic Laddie 50% £20.70

Bruichladdich's Scottish Barley is made entirely from Scottish-grown barley, trickle distilled and then matured in American oak. The distillery class it as their signature bottling.

BUNNAHABHAIN (boonaHAAven)

The Bunnahabhain distillery lies on the peaceful, sheltered north-eastern coast of Islay, the most southerly of the Hebridean Islands. Built in 1881 its name comes from the Gaelic, Bunnahabhain (Bu-na-ha-ven), meaning 'mouth of the river', a reference to the Margadale, the river from whose clear Spring waters the whisky is distilled. A very lightly peated malted barley is then used for distillation. This is why Bunnahabhain is known as a more subtle of the Islay Malts, with a distinctive oiliness and whiff of sea air that set it apart from the almost universally peaty whiskies that are produced on the island. While the distillery does now also release smoky drams, it's the distinctively oily and almost entirely unpeated whisky that has made its name with whisky fans around the world.

BU12 Bunnahabhain 12yr 46.3% £18.70

A giant leap forward for Bunnahabhain 12yo, this edition was launched in summer 2010 with a jump in strength to 46.3% and a declaration of no chill-filtration and no added colouring.

"The enchanting nose of this magnificent Islay malt gives dried fruit notes with apricot and honey coming to the fore. There is a trace of peat-smoke. This is a beautifully balanced dram and a most fitting selection to help celebrate the 25th anniversary of Boisdale." – Doug McIvor

CAOL ILA (COOL-eelah)

Caol Ila Distillery is a Scotch whisky distillery near Port Askaig. Caol Ila is derived from Gaelic for "Sound of Islay" in reference to the distillery's location overlooking the strait between Islay and Jura. It was founded in 1846 by Hector Henderson. Caol Ila is one of the lighter Islay whiskies, pale in colour, with peaty, floral and peppery notes. In addition to being sold as a single malt, it is used heavily (around 95% of their production) in blends such as Johnnie Walker and Black Bottle. Since 1999, the distillery has also produced a non-peated "highland spirit".

KILCHOMAN (kill-ho-man)

The Kilchoman distillery is situated on the western side of Islay, near the small settlement of Kilchoman. The location made it the most westerly distillery in Scotland, until the Abhainn Dearg Distillery started distilling on the Isle of Lewis. The distillery began production in June 2005 and uses barley grown on site at Rockside Farm and malted at the distillery, as well as malt from the Port Ellen maltings and releases separate bottlings depending on the source of the grain. The whisky will primarily age in bourbon casks, though sherry casks will also be employed.

KI01	Kilchoman Machir Bay	46%	£19.20

Machir Bay is a gorgeous sherry-finished malt from Islay's newest distillery, Kilchoman.

KI02	Kilchoman Sanaig	46%	£19.80

Originally released in France, Sanaig was given a wider release in 2016. Aged in a combination of oloroso-sherry and bourbon casks, this shows excellent balance between peat smoke and sweet citrus flavours.

LAGAVULIN (IagaVOOlin)

The distillery of Lagavulin officially dates from 1816. Lagavulin is almost exclusively matured in ex-bourbon casks, meaning its fiery, uncompromising smoke and salted fish character comes storming out of the glass unhindered. Lagavulin's richly peaty process water runs down the brown burn to the distillery from the Solan Lochs in the hills above the distillery. The barley used to distil Lagavulin is malted at nearby Port Ellen and has a strong peat "reek" - it has perhaps twenty times as much exposure to peat smoke as a typical Speyside, Cragganmore. It has converted untold numbers of people to whisky-drinking and remains the firm favourite of countless malt fans worldwide.

LA16	Lagavulin 16yr	43%	£28.70
Deep, dry and exceptionally peaty bruiser. Probably the most pungent of all Islay malts & has an extremely loyal fan base!			

LAPHROAIG (IaFROIG)

Laphroaig distillery is named for the area of land at the head of Loch Laphroaig on the south coast of the Isle of Islay and was established in 1815. Laphroaig has been the only whisky to carry the Royal Warrant of the Prince of Wales, which was awarded in person during a visit to the distillery in 1994. The 15-year-old was reportedly the prince's favourite Scotch whisky. Laphroaig calls itself "the most richly flavoured of all Scotch whiskies" and has a peaty/smoky flavour.

LP10	Laphroaig 10yr	40%	£17.90
	Laphroaig 10yo is a full-bodied, smoky gem, with a residual sweetness and a hint of salt amidst the sea weedy, peaty characters.	MEM	£14.40
LP01	Laphroaig Lore	48%	£25.30
	Laphroaig Lore is a 2016 addition to the distillery's range. Made up of whiskies aged in a combination of quarter casks, sherry casks and reused peated casks. This is rich and classically peaty with a spicy chili bite and a long, sweet aftertaste.		

Roughly nine out of 10 bottles of Scotch sold around the world are blends – that is, a mix of grain and single malt whiskies. These products are the lifeblood of the industry and the liquid expression of an art form that borders on alchemy: combining myriad components to create one harmonious and consistent whole.

Named for the founding family of the company, Ballantine's is one of the classic blends, created as the house whisky of the family's grocery in the mid-1800s. Over the years it has grown to be one of the best-selling Scotch whiskies in the world, with a flavour profile focused around single malts from Milnford and Glenburgie.

CHIVAS REGAL

Chivas Regal is produced by Chivas Brothers and traces its roots back to 1801. Chivas Regal's home is Strathisla distillery at Keith, Moray in Speyside, Scotland, and the oldest operating Highland distillery, which was founded in 1786. During the 1850s James Chivas decided to respond to his affluent customers' demands for a smoother whisky, by beginning to blend whiskies to create a blend proprietary to Chivas Brothers. Chivas Regal was the Scotch whisky requested by Sinatra.

CUTTY SARK

It was on 23 March 1923 that the Berry's partners decided to create a new brand of blended Scotch whisky to appeal to American drinkers – Cutty Sark, named after the famous British clipper ship that had recently docked in London. During the latter part of that year cases of Cutty Sark were smuggled into the US to appease demand from drinkers with exquisite tastes – unsatisfied with the often foul-tasting moonshine liquor that were dark from added caramel colour, they sought something more refined in goods smuggled into the country.

GRANT'S

In 1886, William Grant started working in the distillery business as a bookkeeper. In 1898, Pattison's, the largest Scotch whisky blender at the time, suddenly went bankrupt and William Grant stepped in and launched Grant's whisky. William built the Glenfiddich Distillery in Dufftown, Scotland and on Christmas Day, 1887, it produced its first drops of spirit.

For example, Johnnie Walker Blue Label is rare and expensive, and so it is intended to be used for special occasions.

GRAIN WHISKIES

To the uninitiated, grain whiskies are the filler in blends, knitting together the real flavour from the single malts and – since they’re typically cheaper to make – keeping the price down. Unfair. Apart from giving real flavour and texture to blends, well-made grain whiskies have a distinct character all their own.

CAMERONBRIDGE

Though there is little hard evidence, Robert Haig was said to have operated the earliest whisky distillery and certainly the earliest ever referenced. It was in 1655, that he was frowned upon by church elders for using his still on the Sabbath and was summoned to appear before the Kirk Session. In 1824, one of his descendants, John Haig, built the Cameron Bridge distillery in Windygates in the Lowlands and it was one of the first distilleries to produce grain whisky.

GLOSSARY

ABV – alcohol by volume is the alcoholic strength measured as the percentage of alcohol present.

Age Statement – gives the age of the youngest component of the whisky. In Scotland the minimum that this can be, by law, is 3 years. Maturation stops at bottling.

Angel's Share – the tiny portion of alcohol that evaporates from a cask during maturation. This is approximately 2% of the contents of a cask per year in the UK.

Blended (vatted) Malt – a whisky made up of two or more single malts which have been blended together. This way the drink can be more consistently 'tuned' to bring out a particular character. Consequently the whisky can taste slightly less hard-core, so can be a good place to start for beginners. No grain whisky allowed.

Blended Scotch – a whisky which contains a variable amount of blended malt and grain whiskies. Usually there will be about 40% malt to 60% grain. The final taste is called a 'top dressing', which is a highlight in itself.

Cask Strength – also known as barrel proof, this describes the ABV use for a whisky during its time in a cask when maturing. This usually knocks around the 60-65% mark.

Casks – the wooden barrels used to mature whisky, usually made from oak. They come in all sorts of shapes and sizes.

Charring – burning the inside of the cask. The blackened result accelerates the leakage of natural compounds from the wood to the whisky.

Chill Filtration – when natural substances which make whisky go cloudy are removed before bottling. Metal meshes and chilling are involved, in a process which some would describe as 'a faff'.

Cooper – the highly skilled person who makes the casks.

Distillation – the process wherein the whisky wash is heated in the still, causing the alcohol vapours to evaporate, travel along the lyne arm, and condense back into a liquid again. Whisky is often double or triple distilled.

Distillery – the production site of whisky, the true birth place.

Dram – the traditional Scottish name for a glass of whisky.

Fermentation – the process of converting sugars into carbon dioxide and alcohol, with the addition of yeast and enzymes. Once there is enough alcohol, the yeast dies.

Floor Malting – an old school way of producing malted barley, by soaking it in water and laying it out on a wooden floor for about a week until germination starts to happen. This method is labour intensive as the barley is turned by hand.

Graff – any grain husks or residue left over after mashing, this is usually then recycled as cattle feed.

Grain Whisky – the raw materials here tend to be unmalted barley, wheat or maize.

Grist – malted barley which has been ground beyond recognition, into a powder which can be added to water to become mash. The natural sugars can then dissolve into the liquid.

Malt – barley which has been encouraged to germinate by being soaked in water, before being dried out to stop it germinating any more. Basically, we mess the barley around to the point where the starch is converted into soluble compounds which makes fermentation possible.

Malt Kiln – the huge oven of a room in which barley is heated to stop the germination process and remove moisture, in preparation for milling. These can either be fuelled by peat, coal or oil.

Malt Whisky – the raw base of malt whisky is barley malt, fermented with a bit of yeast for good luck. Generally this kind of whisky is seen as far superior to the common grain whisky used for blends.

Marrying – mixing two types of whisky together.

Mash Tun – the vessel in which the mashing occurs.

Mashing – this is the bit where grist is added and crushed in warm water, so that the natural sugars can dissolve to make a syrupy solution before fermentation. All of this takes place in a large tank called a mash tun, and the solution is called wort. The wort is eventually passed to the washback tank ready for fermentation.

Master Blender – the lucky devil who selects and mixes whiskies of different origins to achieve enviable flavour profiles.

Maturation – the time taken for a whisky to gain its optimum level of character from the wooden cask in which it is stored. All sorts of wonderful things happen here; natural oils being passed off from the wood being just one of them.

Milling – grinding the dried malted barley into grist.

Monkey Shoulder – the repetitive strain injury that commonly occurred after floor malting.

Mothballed – the act of closing a distillery indefinitely to be revisited or reused in the future.

NAS – No Age Statement whisky does not reveal its age. In Scotland, it will still be at least 3 years old as this is the minimum legal requirement.

Neat – whisky served on its own, straight up, showing off.

Nose – the aroma of whisky; a spirit so great that it has its own word for ‘smelling’ which is, you got it, ‘nosing’.

Peat – decomposed vegetation which forms a bog, but can then be cut in slices to lace malt kilns during the whisky production. It might not sound gourmet, but peat gives Scotch its smacks of smokiness.

Pot Still – usually made from copper, thanks to magical conductive skills, these are essentially huge kettles, or pots, in which the whisky wash is heated. The vapour runs through the neck and starts condensing in the lyne arm.

PPM – the abbreviation of parts per million, the scientific measurement which represents the amount of phenols present in whisky, which will have been absorbed by the burning of peat.

Proof – traditionally means ‘of tried strength and quality’, but in basic terms it is typically defined as twice the percentage of alcohol by volume. It’s the way Americans like to determine alcoholic strength...so 50% ABV is 100 proof. Or 50% ABV, as you were.

Scotch – whisky that has been exclusively matured and distilled in Scotland.

Scotch on the rocks – the act of enjoying your whisky with ice, otherwise known as whisky suicide.

Single Malt – a whisky by this definition has been produced solely in one distillery, and has not been blended with any ingredients or produce from elsewhere. However, the whisky could contain several whiskies which have been produced over a couple of years.

Tasting notes – describe the flavour of whisky.

Wash – the alcoholic liquid which is used to make whisky.

Wash Still – stills usually operate as double acts and this is the first and largest of the two. The second round of distillation happens in the spirit still.

Washback – the massive stainless steel (or wooden) vat in which fermentation takes place.

Whisky – knowing what whisky is, is a great start to becoming a connoisseur of the stuff. The barley based brilliance bore its name from the Scottish and Irish Gaelic phrase ‘uisge beatha’, or ‘water of life’, and gradually worked its way into being just “whisky”.

Wort – the questionable word for the sugary solution that goes forward to the fermentation process.
