## BOISDALE OF BELGRAVIA

### A guide to the Scotch whisky regions

Like wines, the single malts of Scotland are grouped by region although these regions offer a guideline rather than a rule. The regions of Scotland are the Lowlands, the Highlands, Campbeltown and the island of Islay all having their own origins in the regulation of licences and duties, but they do also embrace certain characteristics.

#### The Lowlands

This area tends to produce softer malts, without the peat of the Highlands or the brininess of the coastal malts. The Lowlands is defined by a line following old county boundaries and running from the Clyde estuary to the River Tay. The line swings north of Glasgow and Dumbarton and runs to Dundee and Perth.

#### The Highlands, Islands and Speyside

By far the largest region, the Highlands embraces wide variations in style. The western Highlands have only a few scattered distilleries, and it is difficult to generalise about their character. If they have anything in common, it is a rounded, firm, dry character, with some peatiness. The far north of the Highlands has several whiskies with a notably heathery, spicy, character, probably deriving both from the local soil and the coastal location of the distilleries. The more sheltered East Highlands and the Midlands of Scotland (sometimes described as the South Highlands) have a number of notably fruity whiskies.

None of these Highland areas is officially regarded as a region, but the area between them, known as Speyside, is universally acknowledged as the heartland of malt distillation. This area, between the cities of Inverness and Aberdeen, sweeps from Granite Mountains down to fertile countryside, where barley is among the crops. It is the watershed of a system of rivers, the principal among which is the Spey. Although it is not precisely defined, Speyside is commonly agreed to extend from the River Findhorn in the west to the Deveron in the east. Within this region are several other rivers, notably the Livet.

The Speyside single malts are noted in general for their elegance and complexity, and often a refined smokiness. Beyond that, they have two extremes: the big, sherryish type, as typified by The Macallan, Glenfarclas and Aberlour; and the lighter, more subtle style. Within Speyside, the River Livet is so famous that its name is borrowed by some whiskies from far beyond its glen.

## BOISDALE OF BELGRAVIA

Only one may call itself The Glenlivet, only Braes of Glenlivet and Tamnavulin are produced in the valley, and only Tomintoul in the parish. These are all delicate malts, and it could be more tentatively argued that other valleys have malts that share certain characteristics. The Highland region includes a good few coastal and island malts, but one peninsula and just one island have been of such historical importance in the industry that they are each regarded as being regions in their own right.

### Campbeltown

On the peninsula called the Mull of Kintyre, on the west coast of Scotland, Campbeltown once had about 30 distilleries. Today, it has only two. One of these, Springbank, produces two different single malts. This is achieved by the use of a lightly peated malt in one and a smokier kilning in the other. The Campbeltown single malts are very distinctive, with a briny character. Although there are only three of them, they are still considered by serious malt lovers to represent a region in their own right.

### Islay

Pronounced "eye-luh", this is the greatest of whisky islands: much of it deep with peat, lashed by the wind, rain and sea in the Inner Hebrides. It is only 25 miles long, but has no fewer than eight distilleries, although not all are working. Its single malts are noted for their seaweedy, iodine like, phenolic character. A dash of Islay malt gives the unmistakable tang of Scotland to many blended whiskies.

### Tasting notes

We have included a brief tasting note for each of the many single malt whiskies on our list which we hope will prove useful to both the novice and seasoned drinkers. By their nature, tasting notes are always subjective and so you may not agree with what we say! We are indebted to the many different sources who have provided these notes, not least *www.whisky-world.com* which provides a wealth of information for the whisky enthusiast.

666	<b>Aberfeldy 12yrs</b> <i>Southern Highlands, distillery bottling</i> On the nose we find orange zest, incense and a touch of sherry. The palate is oily, with clean fruitiness and very lively, fresh flavours. The finish is like biting into a kumquat; then a long, fruity glow.	40%	£12.90
633	<b>Aberlour 10yrs</b> <i>Speyside, distillery bottling</i> Nutty, with nutmeg and a hint of cinnamon. Although peated it is very brandy like and warming. Not overly challenging but quite satisfying, particularly with dessert.	40%	£11.20

635	<b>Ardbeg 10yrs</b> <i>Islay, distillery bottling</i> The nose is amazingly smoky with a whiff of tar covered rope. The palate is robust with more peat smoke and the flavours of turf and Lapsang Souchong. A long finish with a fragrant peaty reek. Whilst flavour packed, this is still a delicate Scotch.	46%	£15.60
651	<b>Ardbeg Uigedail</b> <i>Islay, distillery bottling</i> Pronounced 'Oog-a-dal.' A fine drop of Ardbeg bottled at cask strength. A marriage of Ardbeg from bourbon barrel and sherry butt which gives a sweet and smoky finish to this malt. Uigedail is the loch from which all Ardbeg water flows. This 'huge' dram is, in the best traditions of Ardbeg, intense.	54.2%	£17.50
642	<b>Ardbeg Corryvreckan</b> <i>Islay, distillery bottling</i> As a replacement for the much-loved 1990 Airigh nam Beist, Ardbeg Corryvreckan had some pretty big shoes to fill, but the good news is that this is a belter, winning World's Best Single Malt Whisky at the World Whisky Awards 2010 and Best No Age Statement Scotch from Jim Murray's Whisky Bible.	57.1%	£22.00
622	<b>Ardbeg 1990 Airigh Nam Beist</b> <i>Islay, distillery bottling</i> Airigh Nam Beist 1990 is a delicious vintage bottling from the ongoing success story that is Ardbeg. Sadly now discontinued due to exhausted stocks, 'the Beist' was an extremely popular Ardbeg, with assertive and powerful peatiness and a lovely honeyed edge. Oh, and it's pronounced 'Arry nam Baysht'.	46%	£53.00
836	<b>Ardbeg Single Cask</b> <i>Islay, distillery bottling for Verdier in Italy 1 of 246 bottles</i> Bottled from a single refill for Italy in 2003, over half the cask was returned to the distillery due to legal issues after the sale of Glenmorangie in 2004. At the distillery almost all the remaining bottles were used in tastings and research. This remains, as a result one of the rarest of all Ardbeg bottling. The whisky itself is quite simply stunning the nose is rich with layers of dense oily phenols, tropical and green fruits, with an unusual distinctive medical streak running through it. An amazing Ardbeg and a stunning drink that totally challenges and beguiles the senses.	49.9%	£137.15
660	<b>Ardbeg 'Lord of the Isles'</b> <i>Islay, distillery bottling</i> A deep smoky yet balanced aroma with powerful peat and a sweet mouth feel. The palate is silky with fruitiness, usually reminiscent of lemons, with a momentary suggestion of cherries. The flavours become almond and walnut-like, then rooty and peppery. A long dry finish with chocolate malt and crushed peat.	46%	£223.00

653	<b>Bowmore Darkest 15yrs</b> <i>Islay, distillery bottling</i> The sherry aroma is fantastic, together with almonds and mature oak. The peaty notes become an excellent foil to the fruity flavours and do not allow the sherry to totally dominate. Hints of the sea drift in given a little time in the glass. Soft over ripe dark grapes flood the palate like an incoming tide. It's rich, but not over the top, due to the wonderful heather fire smoky flavour you will find on the back palate	43%	£16.50
631	<b>Bowmore 18yrs</b> <i>Islay, distillery bottling</i> From the oldest distillery on Islay, the nose of the 18 year old has autumn leaves on a damp woodland floor with heather, wood smoke, and waxy apple peelings, with a citrus fruitiness. On the palate there is a lot more evidence of the large number sherry casks used at Bowmore. Intensely floral with more citrus and chocolate. A complex whisky that changes and develops in the glass, very much a whisky that rewards time and patience.	43%	£24.50
657	<b>Bowmore 25yrs</b> <i>Islay, distillery bottling</i> Full and round, with a gentle softness, the nose has a strong herb like fragrance overlying the sherry and peat notes. In 2006 Glenfarclas was named distiller of the year by Whisky Magazine. They were nominated for the award for being 'consistently good and staying true to our core values.' For six generations everyone at Glenfarclas has taken personal pride on the quality of the whisky we produce, so it was a great pleasure that these values should be recognised by the industry. It was this pride and sense of history which lead us to create a collection of limited edition. Glenfarclas expressions – The Family Casks John L S Grant (Glenfarclas 2006).

824	<b>Glenfarclas Family Cask 1952</b> There is lots of nuttiness and marzipan on the nose, with vanilla trying to fight its way forward. The taste is light, bitter, sweet, sour, smoky, every possible combination of flavours. Even some citrus and orange cordial. At 57 years old, this is the oldest bottling of Glenfarclas to date.	96	47.3%	£558.00
825	<b>Glenfarclas Family Cask 1957</b> A very rich, dark whisky, which reflects almost no light through the bottle. Strong, rich tannins are immediately present on the nose. However, you will also experience lots of sherry, rich stewed coffee, a fresh bag of liquorice; many different aromas as this delightful whisky is released into the air. After about 20 minutes you might even sense macadamia nuts. This is a very big, heavy whisky rich in alcohol soaked fruit. Almost bitter to begin with, then a delicate sweetness present. A strong double espresso immediately comes to mind. It has a bitter, dark chocolate aftertaste, present for a very long time. In short, a fantastic whisky. A great treat.	94	46.2%	£233.00
826	<b>Glenfarclas Family Cask 1963</b> A lovely rich, dark whisky colour more often associated with a dark cognac. A big heavy sherried whisky; great if you like them big and powerful. This bottling is more than 40 years old but has lost none of its appeal. Still strong but not overpowering. Some vanilla and citrus present at the back of your mouth almost like the caramelised fruit you'd find in a fruit cake. A wonderful long finish sitting heavily at the back of your mouth. Sherry flavours and fruit cake wonderfully balanced.	420	56.7%	£64.65

## BOISDALE OF BELGRAVIA

In the summer of 1886 Glenfiddich's founder, William Grant, set out to fulfil a lifelong ambition of creating the 'best dram in the valley'. With the help of his seven sons and two daughters, William built his distillery in a single year. Their hard work was rewarded on Christmas Day 1887 when the first drop of spirit flowed from the small copper pot stills. William named his distillery Glenfiddich, Gaelic for 'Valley of the Deer'. Over 120 years later, Glenfiddich is one of the few single malt distilleries to remain entirely family owned and the whisky has become the world's most awarded single malt, a true reflection of the passion, integrity and innovative spirit that have been passed down through the generations.

# THE GLENLIVET®

Glenlivet is a special place in Speyside. Translated from Gaelic, the name means 'Valley of the smooth-flowing one'. Those who christened it were most likely referring to the River Livet, which surfaces high in the Ladder Hills and meanders down to join the Avon. But something altogether more sought-after has been flowing here for centuries: whisky.
